## Air Force Says UFOs No Threat

DAYTON, Ohio (AP) — Reports of unidentified flying objects — UFOs — boomed last year, reports Maj. Hector Quintanilla, director of Project Blue Book at Wright-Patterson Air Force Base.

But whatever the sightings are, it's a safe bet they offer no threat to national security and don't come from outer space, the Air Force says.

A total of 1,060 sightings were submitted to the Air Force during 1966, second highest total since Blue Book began keeping tabs 20 years ago. The annual average is 555, the record 1,501 in 1952.

Of the 11,107 sightings since 1947, Quintanilla says, just 676 remain in the unidentified category. Only 30 of those checked out last year haven't been explained satisfactorily.

Another 242 sightings are listed as having insufficient data for identification.

The rest were identified as astronomical objects, aircraft, balloons, satellites and other natural or man-made items such as missiles, rockets, fireworks, clouds, birds, swamp gas, sparks, and a lighthouse.

To date, Project Blue Book — the Air Force's investigative

authority on aerial phenomena — offers these "firm" conclusions:

1. No unidentified flying object reported, investigated and evaluated by the Air Force has ever given any indication of threat to U.S. security.

2. No evidence has been discovered to indicate that any sightings categorized as unidentified represent technological development or principles beyond the range of present-day scientific knowledge.

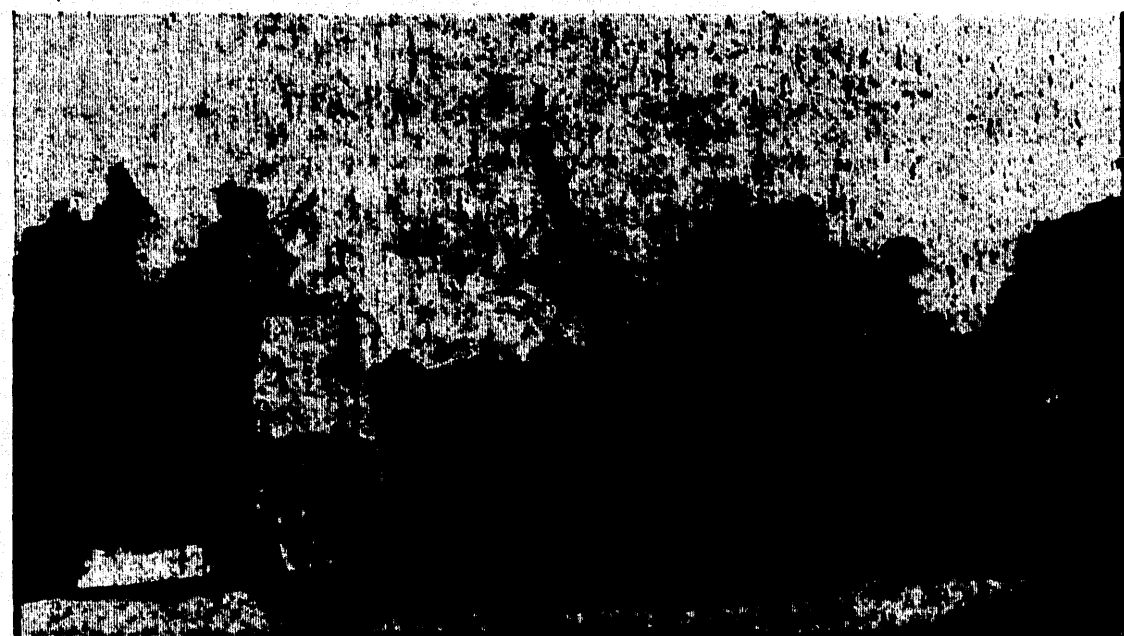

3. There has been no evidence that any unidentified sightings were outer space vehicles.

A sighting is considered un-

identified, the major says, when a report apparently contains all pertinent data necessary to suggest a valid cause or explanation of the report, but the description of the object or its motion cannot be correlated with any known object or phenomenon.

Meanwhile, sightings continue. The Weather Bureau at Cincinnati was swamped with UFO calls Monday — all evidently connected with a weather balloon. Its instrument-packed gondola, believed launched at Palestine, Tex., fell to earth in a strip mine pit in southeastern Ohio.

## Peace Hope Fades; U.S. Bombing Again

U.S. TANKS AND ARMORED personnel carriers move down highway near Bien Hoa, South Vietnam, to begin military operations as the four-day lunar New Year truce period ended. These vehicles are from the 11th Armored Cavalry Regiment. (AP Wirephoto)

### Truce Efforts Move Back To Xmas Stance

WASHINGTON (AP) — Vietnam peace prospects appeared at their lowest point in two months today as U.S. bombing of North Vietnam resumed and weeks of optimistic speculation ended.

U.S. officials said peace efforts had receded to their pre-Christmas position.

President Johnson, in announcing the resumption of bombing late Monday, said he had hoped the cease-fire during the lunar new year "might lead to some statement of hostilities and to moves toward peace."

But he said the North Vietnamese had used the pause "for major re-supply efforts of their troops in South Vietnam."

Johnson apparently referred to Sunday night's meeting in London between Soviet Premier Alexei Kosygin and British Prime Minister Harold Wilson when he said: "Despite our efforts and those of third parties, no other response has yet come from Hanoi."

Johnson earlier had indicated determination to resume the air war in the absence of any North Vietnamese easing of military activities.

But the North Vietnamese insisted on a halt in U.S. bombing and withdrawal of troops before peace talks could get started.

North Vietnamese President Ho Chi Minh made this clear in a reply to Pope Paul's appeal for an early settlement of the conflict.

He wrote, "The U.S. imperialism must put an end to their aggression in Vietnam, and unconditionally and definitely the bombing and all other acts of war against the Democratic Republic of Vietnam, withdraw from South Vietnam all American and satellite troops, recognize the South Vietnamese National Front for Liberation (Viet Cong) and let the Vietnamese people settle themselves their own affairs."

That appeared a re-statement of conditions previously rejected by the United States.

Peace hopes began building up about two months ago when North Vietnamese officials dropped hints negotiations "could" start if the U.S. bombing was permanently halted.

There have been three truce intervals since December and diplomats had been particularly hopeful that the latest might bring a breakthrough in the quest for a peace formula.

Dear Is Open  
In his White House statement, Johnson said, "The door to peace is and will remain open and we are prepared at any time to go more than halfway to meet any equitable overture from the other side."

Officials reiterated this meant North Vietnam must scale down its military operations if U.S. bombing of the north is to be halted.

It appeared logical, sources said, that U.S. bombing attacks would be intensified in the next few days or weeks in an effort to eliminate advantages Viet Cong and North Vietnamese fighting units may have gained during the 138-hour bombing lull.

During the past week, Secretary of State Dean Rusk emphasized the United States would not halt the bombing of North

## 5 Pct. Constitutional Limit On State Income Tax Offered

LANSING (AP) — A measure to place a 5 per cent constitutional limit on any personal income tax passed by the Legislature was introduced Monday in the Senate.

The joint resolution was introduced by Sen. Milton Zaagman, R - Grand Rapids, who said an income tax may be passed this year or in the near future.

Zaagman said the public "should have some assurance that the rate of such a tax would not be unlimited."

Bills pending before both houses include Gov. George Romney's measures seeking a 2 1/2 per cent personal income tax, a 6 per cent corporate tax and an 8 per cent tax on financial institutions.

A two-thirds vote of each house of the Legislature and

approval of voters of the state would be required to amend the State Constitution to provide for Zaagman's limitation.

"The tendency always is to increase rates of existing taxes and I feel in the case of the income tax that this should be made difficult to do," Zaagman said.

Defund Officers  
Senators also introduced 19 bills, including two sponsored by Sen. Raymond Dzendzel, D-Detroit, to establish legal defense funds for police and state officers to pay costs of legal defenses in suits resulting from performance of their legal duties.

A measure sponsored by Sen. Stanley Rozyczki, D - Detroit, would allow local option on Sunday liquor sales in cities, villages or townships in counties

with a population of 400,000 or more where sale of beer and wine is permitted on Sunday.

Sen. George Kuhn, R - Bir-

mingham, introduced a measure to establish a highway location arbitration board to determine routes for interstate highways through municipalities.

The board would consist of the governor and the highway commission and would make final determination of highway routes.

Convict Oversight  
The House passed one measure after haggling for half an hour over which committee should consider a resolution — almost identical to one already before the chamber — which would veto a \$21.5 million pay raise for state workers.

Approved and sent to the Senate was a bill correcting a legislative oversight in a law passed last year licensing electrical contractors.

Exempted from the requirement that electricians must take an examination before being licensed were experienced persons in small communities who applied for exemption before a cutoff date.

The bill as passed made the cutoff date Dec. 31, 1966 — before the licensing regulation took effect. The amendment passed Monday would give such electricians until the end of 1967 to apply.

Cash For Stamps  
Reps. James S. Farnsworth, R - Plainwell, and George F. Montgomery, D - Detroit, introduced the resolution on the pay increase.

Montgomery earlier introduced a similar measure which is still in the House Policy Committee. His attempt to refer this one to the appropriations committee failed when he received only five votes on a procedural question.

Bills introduced in the House included a measure to boost the amount of the gasoline tax used for waterways purposes from one-half per cent to 3 per cent and another to require trading stamp companies to redeem their stamps for cash.

Clash With Soviets  
Another wall poster reported a clash between Soviet and Red Chinese troops on an unspecified date on the Manchurian border. The report said a Soviet battalion opened fire on a Chinese army company and was repulsed. It said Soviet soldiers were captured but later released.

If true, this would be the first known exchange of shots between the two Communist powers since the Maoist purge began last August. Mao recently was reported to have ordered an alert all along China's border with the Soviet Union.

Among the military leaders included in the wholesale indictment were Vice Defense Minister Hsiao Ching-kuang, air force commander Wu Fan-hsien, navy deputy commander Li Tso-peng, Ulanfu, commander of the Inner Mongolian military district, and Wang En-mao, commander of the Sinkiang military district.

Purge Of Army Leaders Starts In China Chaos  
TOKYO (AP) — Wall posters in Peking indicated today that a sweeping purge of Red China's leading military men is under way in Mao Tse-tung's drive to weed out supporters of President Liu Shao-chi. They also reported a big step up the power ladder by Mao's wife.

A correspondent of the Japanese newspaper Sankai Shimbun said 25 top military men have come under fire as followers of the bourgeois, reactionary line.

Wall posters put up by the postal and telegraph workers said that Mao's aggressive third wife, Chiang Ching, has been named chairman of a new committee formed to press Mao's purge in central party and government organizations.

Her new importance was underlined by the fact that Premier Chou En-lai, who might have been expected to head such a committee, has been named to serve on it as Mrs. Mao's adviser.

Another wall poster reported a clash between Soviet and Red Chinese troops on an unspecified date on the Manchurian border. The report said a Soviet battalion opened fire on a Chinese army company and was repulsed. It said Soviet soldiers were captured but later released.

If true, this would be the first known exchange of shots between the two Communist powers since the Maoist purge began last August. Mao recently was reported to have ordered an alert all along China's border with the Soviet Union.

Among the military leaders included in the wholesale indictment were Vice Defense Minister Hsiao Ching-kuang, air force commander Wu Fan-hsien, navy deputy commander Li Tso-peng, Ulanfu, commander of the Inner Mongolian military district, and Wang En-mao, commander of the Sinkiang military district.

## State Employees 'Deplore' Quiz

LANSING (AP) — All key Highway Department personnel are being quizzed to see if they have any outside business activities that could be considered a conflict of interest with their state jobs.

Commission Chairman Ardale Ferguson of Benton Harbor said a "conflict of interest questionnaire" has been sent to 50 top highway officials.

It may be sent to all 4,800 Highway Department employees

and termed it illegal. The association represents some 16,000 state employees.

A Civil Service spokesman said the commission would take up the issue at its meeting today.

Development of the quiz followed the start of an attorney general's investigation of the Highway Department.

It was sparked by charges that some bidders on highway projects were being favored with overpayments.

Another charge was that top highway officials might be using their key positions for private profit.

Only executive named in the "allegations" aired by Gov. George Romney was Frederick Tripp, deputy director for administration.

Tripp has detailed his outside activities, including the ownership of real estate in Lansing and East Lansing plus two hamburger restaurants. He denied any wrongdoing or use of inside knowledge in connection with the investments.

## News In Brief

By The Associated Press  
WASHINGTON — Secretary of Transportation Alan S. Boyd predicts the electric automobile will arrive on the scene sooner than many people expect because of air pollution from gasoline engines.

UNITED NATIONS, N.Y. — International conference on peaceful use of outer space has been postponed for a year to meet Soviet objections there is not enough time to make adequate preparations.

BRUSSELS, Belgium — Another person died today, bringing to 16 the deaths caused by the fire at a century old home for elderly here. Two persons are still missing.

WASHINGTON — "We are prepared at any time to go more than halfway to meet any equitable overture from the other side," President Johnson said in announcing renewal of U.S. bombing of North Vietnam.

INDEPENDENCE, Mo. — Bess Truman quietly celebrated her 82nd birthday at home. Vigorous and alert, she is usually the chauffeur when she and former President Harry S. Truman go for brief afternoon drives.

ALTON, Ill. — Everett M. Dirksen, silver-tongued senator-turned-recording-star, says he expects to receive his first gold record soon. Sales of his hit recording "Gallant Men" are mounting toward the million mark.

NEW DELHI, India — An Indian peasant set himself afire in front of Prime Minister Indira Gandhi's residence after being refused an interview. He wanted to see Mrs. Gandhi about a job for his son.

NEW YORK — More than 60 paintings by former President Dwight D. Eisenhower will go on display in New York's Gallery of Modern Art this spring. Public exposure of the paintings will be to benefit the new Eisenhower College in Seneca Falls, N.Y.

DETROIT — A hearing on whether Michigan should observe Daylight Savings Time drew more than 150 persons — but lawmakers admitted they are as confused as anyone.

### Out Of Date, Says Coed

## Welsh Carved Valentine Spoons

NEW YORK (AP) — Girls, what would you think of receiving a giant, hand-carved wooden spoon with engraved hearts and your initials for Valentine's Day today?

That's the way the Welshmen did it in the 18th and early 19th

centuries. The spoon symbolized housekeeping. The idea was to express the boy's earnest desire to win the girl's intention to marry him. It's spooning, if you please.

"I think it's a very touching custom," said Ellen Schaut, a 19-year-old student at the Pitts-

burgh Art Institute. She commented in a sampling of opinion on the practice by The Associated Press.

Miss Schaut's roommate, Mickey Spillane — yes, she's a girl — also thinks it's a touching idea. Miss Spillane, 23, sug-

gested however, that "if you don't like the guy, you can always hit him over the head with it."

"Too out of date for today's male," was the reaction of Cathie McSwaney, a 20-year-old junior at the University of California at Los Angeles.

"It's a symbol of household drudgery that should have been abolished years ago," remarked Corinne Guntzel, 24, a pert brunette Ph.D. candidate in economics at the University of Illinois.

"It's no sign of household drudgery," said Denis Smith, 17, a Los Angeles high school senior. "Anyway I think a woman's place is in the home. It's kind of like an engagement ring. I wouldn't mind getting one myself."

"What? A big spoon?" exclaimed Margaret McDonough, of Miami, Fla., an airline stewardess. "Well, it's a fine idea. I guess, but it wouldn't work so well now. It's the thought that counts and it depends on who sends something. Just send her a card — if not a card, then a phone call."

New York City's Museum of Courtship, Love and Marriage, a nonprofit organization dedicated to showing customs around the world, has on display wooden replicas of the Welsh valentines from the Cardiff Museum in Wales. Some are 12 inches to 20 inches long and up to 10 inches wide.

THE GIRL FROM KAHALA, Oahu, Hawaii, is Loveday Conquest (believe it or not), and she and Steve Cypher, of La Habra, Calif., combined talents to make a giant Valentine in Newport Beach sands during a warm, sunny February day, as a wish for peace and love for the world. (AP Wirephoto)

## Wm. Ebbesen Dies On Sunday

William Ebbesen, 88, of 424 Delta Ave., Gladstone, died at 11:45 p. m. Monday at St. Francis Hospital where he had been a patient for four days.

He was born Dec. 14, 1878 in Trondheim, Norway and his wife died in 1950.

Surviving are three sons, William Jr. of Ferndale, Mich., Harold and Robert of Gladstone; one daughter, Mrs. William (Alice) Sundling of Gladstone, 12 grandchildren and 12 great-grandchildren.

Friends may call at the Anderson-Johns Funeral Home after 4 p. m. Wednesday and complete funeral services will be conducted at 11 a. m. Thursday at the funeral home chapel with Rev. Reuben Carlson officiating. Burial will be in the Rapid River Cemetery.

## Hermansville

Lenten services at St. Mary's Church will be at 7 p. m. Tuesday evening; 7 p. m. Thursday evening with confessions at 6:30 p. m., the Holy Name Society meets Wednesday evening for their regular meeting in the Parish Hall at 7:30 p. m.; St. Catherine's Circle of St. Anne's meets Tuesday evening at the home of Mrs. Percy Robertson and the St. Theresa Circle meets at the home of Mrs. Edward Arnold, Wednesday at 7:30 p. m. The membership drive of the Holy Name Society is now underway to enroll every man in the society. Bernard Poquette and Robert Sutherland are co-chairman of the drive.

### Well Child Clinic

There will be a well child clinic in the Hermansville High School Home Ec. Room from 1 to 3 p. m. on Wednesday, Feb. 15. Additional information can be obtained from Mrs. Gerald Welling or Mrs. Irwin Sutherland Jr.

At their recent meeting in the Fire Hall, the Fire Department accepted Charles Kelly and Walter Gawron Jr., as new members of the department. This brings the fire department complement to 25 men, which is complete strength.

## Barbershop Harmony will "RING" Saturday, Feb. 18

at the Bleach Auditorium in Menominee, Mich.

### Featured Quartets:

- The Sundowners of Chicago
- The Velvetones of Madison
- The What Four of Marinette-Menominee and the
- Mari-Men Chorus under the direction of Bob DeMille

Adults \$1.75 - Students \$1 Available at Lundgren Drug Store, Marinette or Everard Drugs in Menominee - or at the door.

# Fear Deer Losses In Crusted Snows

How well the deer of the Upper Peninsula survive the worst winter snow conditions in years these days is going to determine in large part how good deer hunting will be next November.

The outlook isn't good. The Conservation Department's la-

test digest from Lansing says: "In the Upper Peninsula conditions are generally bad. Unusually deep snow confines the animals to heavy cover and to trails within that cover. This means food shortages and starvation. The only solution: a prolonged thaw; just mild weather won't do it."

More exact report on U. P. mid-winter conditions in the deer yards is provided by Joseph Vogt, Escanaba District game biologist of the Conservation Department, who phoned Lansing headquarters of the department Monday on the situation in the three conservation districts in the cen-

than in 1965 all across the U.P. In the Escanaba District, which includes Delta and Marquette counties and the west half of Alger, the snow varies from 1 foot at Ensign to 3 feet at Chatham. (Vogt said: "A three foot reading used to get people at Lansing pretty excited, but they've got that much down there this winter.")

Advanced Conditions Deer are in advanced winter yarding conditions around Northland and on Grand Island. In the poor food areas they are already feeding on "stuffing" foods, the kind of browse that fills their stomachs but gives little or no nourishment, like spruce and balsam, a starvation diet.

"It has been a severe week for the deer," said Vogt. Since Thanksgiving they have been in deep and soft snow and now the crust permits some movement, but they break through it in most places.

"There is very little movement on the crust, except in the yards, where it enables them to reach higher when it is firm enough."

## Help!

This is the time of the year that sportsmen can be most helpful to deer trapped by deep snows in their winter yards.

The cutting of cedar browse (green limbs) which are beyond the reach of the deer can help tide them over the famine period which will last until the snow goes two months from now.

The snowmobile permits winter travel to yarding areas which were inaccessible before and sportsmen can help improve hunter's luck for next fall by helping the deer survive the present deep snow famine threat.

When deer can range they eat over a large area; when they cannot, as at present, they eat up the available browse in a small area and then become so weak that exposure kills them.

tral and western end of the U. P. The Sault area phoned directly and reported the same bleak outlook that prevails to the west.

Crust Favors Predators In the westernmost U.P. the snow gauges on Monday showed as much as 3.4 feet at Bergland and averaged 2.3 feet for the Gogebic-Ontonagon area. Deer are getting some support from the heavy crust so they can reach higher for food, but the crust won't hold running deer and favors predators like coyotes, dogs and bobcats.

Snow west of Lake Gogebic is soft and conditions are critical for deer. The Wakefield winter severity index (an indication of how the cold, snow depth, crusting conditions and other natural winter enemies of deer total up) is already past 100 and most winters it doesn't reach that figure. With two months of winter conditions left, the index is already at the point where deer start to die from exposure.

Severe Cold The Crystal Falls district had temperatures as low as 23 degrees below zero this week and the snow depths range from 1.4 to 1.9 feet with heavy crusting. Deer are helped a little by crust in reaching for food. Yarding is tight and the winter index is already 67 and could well reach 100 before warm weather.

Snow conditions are worst

## Kiwanis Hears About Michigan Minimum Wage

The Michigan Minimum Wage Act was discussed by Oscar Marander of the Michigan Department of Labor at the Kiwanis luncheon meeting Monday at Marcor's.

Marander cited the confusion that has arisen because of the Michigan law on minimum wages which changed rate on Jan. 1, 1967, and the federal law which began earlier than the Michigan act which first became effective Jan. 1, 1965.

The minimum wage law was legislated to protect the general public, Marander said, and it has done its job well.

The minimum hourly rates under the Michigan law started with \$1 on Jan. 1, 1965, increased to \$1.15 on Jan. 1, 1966 and became \$1.25 on Jan. 1, 1967.

It is the intent of the Legislature that any increases or decreases in the minimum hourly rate after 1967, said Marander, shall reflect corresponding increases or decreases in the cost of living.

## Plan Barbershop Harmony Show

MENOMINEE — The Mari-Men Chorus of Marinette, Menominee and Peshigo will hold their 19th annual Barbershop Harmony Show at the Bleach Auditorium here at 8 p. m. Feb. 18.

Featured quartets will be the Sundowners of Chicago, Velvetones of Madison and What Four of Menominee. The Mari-Men Chorus will round out the evening of entertainment.

Tickets are available from Chorus members, at Lundgren Drug Store in Marinette and Everard Drugs in Menominee.

## Two Delta Men Place In Races

MUNISING — Delta County produced two prize winners in the North American Snowmobile championships over the weekend.

Don Bugay of Gladstone was second in the stock machine Class D competition in the Grand Island race and Russell Taylor of Schaffer was second in the Class A stock machine division in the obstacle race.

## Obituary

MYRON LARSON Funeral services for Myron Larson of Isabella were held at 1:30 p. m. Tuesday at the Bethany Lutheran Church with Rev. Ingmar Levin officiating. Burial was in Moss Lake Cemetery. Pallbearers were, Wallace, Arthur and Ted Nelson, Ellsworth and Eldon Sundling and Donald Johnson.

## Rev. P. Lyon's Mother Dies

Rev. Philip Lyon, pastor of the First Presbyterian Church of Escanaba was called to Beaver Dam, Wis., this past week-end due to the illness of his mother, Mrs. Howard Lyon. Mrs. Lyon died Monday afternoon and services are scheduled Thursday afternoon from the First Presbyterian Church in Beaver Dam.

ANN ARBOR POLICE Detective Lt. Eugene Staudenmaier, left, and Detective Sgt. Gregory S. Katapodis take a foot print of a four-month-old baby boy found last October in a shopping center parking lot. Mrs. Patricia Myers of Howell, who has been caring for the child under a court order, holds the baby. All efforts to find the parents of the infant have been futile and police took the foot prints in hopes they can be matched with those on file at a local hospital. (AP Wirephoto)

# Repent And Live, Lecturer Urges

Roy J. Lining, C. S., discussed the subject of "Repentance" in a public lecture at the Christian Science Church in Escanaba on Monday, sponsored by the Christian Science Society.

He is a Christian Science practitioner from Chicago and is on tour as a member of the Board of Lectureship of The First Church of Christ, Scientist, Boston.

"A mature view of repentance includes being sorry enough to quit," he said—but "to realize its full possibilities our repentance must be radical. It must be at the deepest spiritual level . . . the kind of change Christ Jesus demanded when he said, 'Repent: for the kingdom of heaven is at hand' (Matt. 4)."

The lecturer noted that "the word in the Gospel here translated 'repent' literally means to change one's mind. Jesus was saying to his listeners: Change your minds; change your basis of thinking; change the way you think."

Divine Love This is the only kind of repentance that can satisfy the human heart's endless "longing to be good," he said.

Repentance is actually a liberating process, Mr. Lining emphasized.

It "doesn't bind and narrow life; it releases and expands our whole sense of things."

The Apostle Paul was an outstanding example, noted the lecturer. "His radical change of thought and conduct illustrates genuine repentance." He had felt the touch of the "Christ in you" (Col. 1)—the pure consciousness of divine Love which by its very presence annihilates sin.

Power Of Prayer "Evil is whatever claims to oppose God, good. It's whatever claims power to degrade men and make them sinful, sick, dying . . . One name for these counterfeit thoughts is 'suggestions'—their nature is hypnotic. They would influence us to accept lies as truths, as our very own thoughts—and as a result to act contrary to our natural goodness . . . Thought is fixed on the material body and material things. It induces egotism, human vanity.

"Appetite for strong drink, tobacco, pep pills, or any stimulant . . . depression, grief, a feeling of 'what's the use,' all these come from material thinking," he said, adding that they belong to what Paul called "the carnal mind."

He quoted the Discoverer and Founder of Christian Science, Mary Baker Eddy: "Prayer can neither change God, nor bring His designs into mortal modes; but it can and does change our modes and our false sense of Life, Love, and Truth, uplifting us to Him" (No and Yes, p. 39).

# Winter Weather Blamed In Feb. Car Sale Slump

DETROIT (AP) — Wintry weather has received much of the blame in the latest sales slump and production lag reported by the nation's auto industry.

Industry executives Monday reported a 30.6 per cent drop in sales for the first 10 days this month and said snowstorms and zero or subzero temperatures that hit large areas of the United States were a major cause.

While fierce weather apparently kept some buyers away from auto showrooms, it also prevented many auto workers from reaching their jobs.

The report of sales losses dovetailed with simultaneous losses or cutbacks in production and the highest inventory of unsold new autos for any Feb. 1 in history. One firm, American Motors Corp., closed its plants Monday for two weeks to bring its production in balance with sales and inventory.

All the major carmakers — General Motors, Ford, Chrysler and American Motors — reported drops in sales for the first 10

days of the month as compared to the same February period last year. The difference averaged 30.6 per cent.

So far this year not one 10-day sales period has equaled its counterpart of last year.

Sales for all of January were 17 per cent below those for January 1966.

The manufacturers reported combined sales of 170,786 for the Feb. 1-10 period this year. For that period last year the total was 215,116.

General Motors, which usually commands more than 30 per cent of the car market, reported it sold 55,330 passenger cars in the Feb. 1-10 period. A year ago the GM sales were 110,938.

Ford sales were 30,441 as against 60,319. Ford Division said its combined sale of cars and trucks — 55,938 — was the third highest in history for the Feb. 1-10 period. Its record of 66,963 was set last year.

Chrysler's Feb. 1-10 sales were 30,272, compared with 34,726, and American Motors' 4,845 as against 6,206.

## How A University?

With newly-elected California Gov. Ronald Reagan getting his lumps from both the students and faculty of his state's huge university system, the public reaction seems to be mostly political. It should also be educational.

The University of California controversy dramatizes a problem that we have here in Michigan and in all the other states. Far more difficult to answer than the questions whether University of California President Clark Kerr should have been sacked, or whether Governor Reagan should dabble in higher education is the question: What should an American university be like today?

If we could find the answer to that one we could make a better judgment on Kerr and Reagan.

When student rabble rouser Mario Savio shouts "We shall see who runs this university!" and 9,000 of 27,000 students on the Berkeley campus boycott classes, there is something wrong. Actually, university disorders in this country are as old as higher education, and the current unrest is general and not made-in-California, but today's campus ferment is a deep and special something and not to be dismissed as one more incident in a long history of student contrariness.

Nor should it be winked at in the name of "academic freedom."

After the student riots at Berkeley Kerr said "We fumbled, we floundered, and the worst thing is I still don't know how we should have handled it." Sicker than that was the action of the university's faculty senate, which voted overwhelmingly for almost complete capitulation to students demands for total freedom of political action on the campus.

Robert M. Hutchins, former head of the University of Chicago and now president of the Center for the Study of Democratic Institutions, says (not of the California situation but of student disorders generally) "we may yet acknowledge the possibility, in view of what we know about universities and about national policies, that in some cases the students may have been right."

Nowhere else in the world suggests Hutchins, is the university such a cannibal as it is in the United States; taking in everything that's brought to it and trying to digest it. "Nowhere else," he says "it is automatically assumed that everything anybody wants by way of education experiences beyond the high school or anything anybody would like to see done by way of solving practical problems, collecting data, investigating the universe, or cleaning up the landscape as a matter of course be a function of the university."

We do not, says Hutchins, believe in the United States that secondary (high school) education amounts to much" and we do not really care. Those who are graduated from high school may not have learned anything, but many of them will go on to college, where they will be accommodated by what have been called the Six R's — remedial reading, remedial writing, and remedial arithmetic. Where other countries have an idea of a university, however inadequate, vague or even erroneous, we have none.

In 1869 Charles W. Eliot said it would be generations before the best American schools would achieve enough growth to bear pruning, but by 1905 Henry Seidel Canby of Yale wrote that an American university was a combination of sporting resort, beer garden, political convention, laboratory and factory for research, with its young instructors' minds as confused as a Spanish omelet. In 1931 Norman Foerster said a student at the University of Nebraska could take courses in early Irish, creative thinking, American English, first aid, advanced clothing, ice cream, third year Czechoslovakian, football, sewerage and man's problems in the modern home.

Harvard President Nathan Pusey attempted to define the university's role as "devotion to learning . . . and recognition of learning's importance for a full manner of life . . . with scholars — though often appearing to pursue separate ways in the university — working in a common vineyard of learning."

A Boston professor found such a vineyard of workers indiscriminately cultivating grapes and thistles "falsely reassuring and deeply misleading in masking the contemporary crisis in the American multiversity."

The fundamental objection to this doubletalk, suggests Hutchins, is that such an all inclusive, help-everyone-with-everything role, asks the university "to supply some of the facilities, most of the hands, and a lot of the energy and all the ideas that will enable society — with all its folly and pretentiousness — to achieve its mistaken goals."

"Whatever the society wants the university will do, provided it gets the money to pay for it. And it is not even what the society wants. It is what the most vocal pressure groups demand . . . The demands of the age are fashioning the mind of the university, not the other way around."

To fashion the mind of the age, suggests Hutchins, the university must be a center of independent thought and criticism, an autonomous thinking community. To be that, he says, it would have to disgorge a vast range of miscellaneous, irrelevant activities, and the freshman and sophomore years, limit its professors and students to those capable of independent thought. It would have to be small.

There isn't such a university, of course, and we seem to be getting farther away from the hope of one, with the universities' humanities and social sciences areas specially troubled. We obviously need the universities as never before, but we should be concerned with their quality and we have been mostly concerned with their democracy.

## Time Bill Is Blasted In Soo

SAULT STE. MARIE (AP) — Sharpe, R-Howell. It has been "A two-hour time difference is tearing the state hearing public unthinkably," said Henry Shackleton.

With that, the chairman of the Soo Chamber of Commerce Retail Merchants Committee blasted half a bill proposed for Michigan in the wake of the federal uniform time law.

"Anything other than one time zone for Michigan is ridiculous," Shackleton said. "The only good thing to come out of the 90th Congress was the uniform time bill and they messed that up, too."

He testified here before the House State Affairs Committee, headed by Rep. Thomas

## Will You Be My Valentine?

## Your Income Tax — II

# Right Form Important

By JAMES MARLOW

WASHINGTON (AP) — There are two basic forms for filing your 1966 income tax return: 1040, which anyone can use; and a simpler one, 1040A, the punch-card, which only those fitting certain conditions can use.

If your taxable income last year was \$10,000 or more, you have no choice. You must use 1040. And, if it was under \$10,000, you can use 1040A only if:

Your income was entirely from wages reported on W-2 withholding statements or consisted of such wages, plus not more than \$200 in dividends and interest and wages from which tax was not withheld.

Otherwise, even though your income was under \$10,000, you must use 1040.

And — anyone with \$5,000 or more income must figure his own tax from the tax-rate schedule in the instruction sheet which the Internal Revenue Service sends all taxpayers.

Deductions Vary

If your income was under \$5,000 you can find your tax, without figuring it, in the tax-table but only if you are willing to accept the standard deduction allowed taxpayers for personal expenses.

There are two kinds of standard deduction: the 10 per cent standard and the minimum standard.

The 10 per cent standard means that, without itemizing or needing to prove anything about your deductible expenses, you get 10 per cent off your income, up to a limit of \$1,000. The limit is \$500 each for married persons filing separately.

The same maximum limitations apply to the minimum standard deduction.

Try Both Methods

With the minimum standard deduction you deduct \$300 for yourself, \$100 for each dependent, and \$100 for your wife if she files jointly with you or, having no income, she fails to file jointly with you but is claimed as an exemption on your return.

Also, you must use 1040 if you are a single person claiming to be "head of household" or a widow or widower claiming to be a "surviving spouse" or if you claim credit for retirement income or exclusion for sick pay or if you paid an estimated tax in 1966 or claim travel, transportation, moving or other expenses.

There are two kinds of standard deduction: the 10 per cent standard and the minimum standard.

The 10 per cent standard means that, without itemizing or needing to prove anything about your deductible expenses, you get 10 per cent off your income, up to a limit of \$1,000. The limit is \$500 each for married persons filing separately.

The same maximum limitations apply to the minimum standard deduction.

Try Both Methods

With the minimum standard deduction you deduct \$300 for yourself, \$100 for each dependent, and \$100 for your wife if she files jointly with you or, having no income, she fails to file jointly with you but is claimed as an exemption on your return.

Also, you must use 1040 if you are a single person claiming to be "head of household" or a widow or widower claiming to be a "surviving spouse" or if you claim credit for retirement income or exclusion for sick pay or if you paid an estimated tax in 1966 or claim travel, transportation, moving or other expenses.

There are two kinds of standard deduction: the 10 per cent standard and the minimum standard.

The 10 per cent standard means that, without itemizing or needing to prove anything about your deductible expenses, you get 10 per cent off your income, up to a limit of \$1,000. The limit is \$500 each for married persons filing separately.

The same maximum limitations apply to the minimum standard deduction.

Try Both Methods

With the minimum standard deduction you deduct \$300 for yourself, \$100 for each dependent, and \$100 for your wife if she files jointly with you or, having no income, she fails to file jointly with you but is claimed as an exemption on your return.

Also, you must use 1040 if you are a single person claiming to be "head of household" or a widow or widower claiming to be a "surviving spouse" or if you claim credit for retirement income or exclusion for sick pay or if you paid an estimated tax in 1966 or claim travel, transportation, moving or other expenses.

In some cases the standard deduction is larger than a taxpayer's deductible personal expenses actually were. Sometimes the opposite is true.

If your expenses were more than the standard deduction gives you, you can claim them in full but in that case you must itemize them all to get credit for them.

And — in that case you'll have to use form 1040 and figure your own tax.

Also, you must use 1040 if you are a single person claiming to be "head of household" or a widow or widower claiming to be a "surviving spouse" or if you claim credit for retirement income or exclusion for sick pay or if you paid an estimated tax in 1966 or claim travel, transportation, moving or other expenses.

There are two kinds of standard deduction: the 10 per cent standard and the minimum standard.

The 10 per cent standard means that, without itemizing or needing to prove anything about your deductible expenses, you get 10 per cent off your income, up to a limit of \$1,000. The limit is \$500 each for married persons filing separately.

The same maximum limitations apply to the minimum standard deduction.

Try Both Methods

With the minimum standard deduction you deduct \$300 for yourself, \$100 for each dependent, and \$100 for your wife if she files jointly with you or, having no income, she fails to file jointly with you but is claimed as an exemption on your return.

Also, you must use 1040 if you are a single person claiming to be "head of household" or a widow or widower claiming to be a "surviving spouse" or if you claim credit for retirement income or exclusion for sick pay or if you paid an estimated tax in 1966 or claim travel, transportation, moving or other expenses.

There are two kinds of standard deduction: the 10 per cent standard and the minimum standard.

The 10 per cent standard means that, without itemizing or needing to prove anything about your deductible expenses, you get 10 per cent off your income, up to a limit of \$1,000. The limit is \$500 each for married persons filing separately.

The same maximum limitations apply to the minimum standard deduction.

Try Both Methods

## Letters To Ann Landers

# The Press Proof Education Is Going To The Dogs

GUN BILL

As the 90th Congress swings into high gear, each of us is apt to wonder what lies in store in terms of new legislation. None to us can be sure of what to expect in 1967 with one exception: It is certain that President Johnson, Senators Thomas Dodd, Robert Kennedy and Edward Kennedy will again pursue passage of the Dodd (SBI) Anti-Gun Bill.

Proponents of this bill would have us believe that to legislate against firearms will solve the nation's crime problem. Sportsmen on the other hand seek to convince lawmakers that the crux of the problems rests with the user of the firearm, and not the gun itself. They maintain that if new laws are necessary they should be aimed in this direction.

At present the situation is grave and all sportsmen are in danger of losing their inherent right to use firearms. Only a small nucleus of the outdoor fraternities are fighting for the cause. The rest of us are too busy firing blasts at the Michigan Department of Conservation for its deer policies. Would you rather sit back in an apathetic manner and wait until the problem shifts from what sex of deer to shoot to how can we harvest them without guns?

I therefore urge each hunter, target shooter and legitimate user of firearms to write to President Johnson and Michigan congressmen to express concern over the Dodd Bill and its restrictive provisions. During the 90th Congress another bill was introduced by Senator Roman L. Hruska (R-Nebraska). This bill aims more directly at criminals who use guns in committing crimes rather than at the sportsmen themselves. The Hruska Bill has found general support among sportsmen and would be just as effective in curbing firearm crimes.

Michigan sportsmen are fortunate in that Senator Philip Hart has not given in to the Presidential arm-twisting and supported the Dodd Bill. Senator Robert Griffin has also stated he would not vote for provisions of this restrictive measure.

## People, Events Of Yesteryears

From The File of The Escanaba Daily Press

33 Years Ago

Students of Jefferson school and St. Anne's grade school were photographed as they knelt for the Red Cross. The students of Jefferson school made an afghan blanket, and the students of St. Anne's knit an assortment of garments.

Ludington Street was all lighted up with the new type street light fixtures. The fixtures were manufactured by city employees, and were the last city installed until after the war.

50 Years Ago

F. E. King was unanimously re-elected by members of the Escanaba Board of Education as superintendent of the Escanaba public schools for the coming year.

Definite plans for the Upper Peninsula Bowling Tournament were announced. The tournament will be held in Escanaba during March 10 to 24, at the Delta Club, whose players are reported to be the best in the U. P.

It's a sad commentary when a 17-year-old boy has to write such a letter. I hope every pair of battling parents reads it and feels ashamed.

Dear Ann Landers: My husband and I have been married for seven years. We have three children.

I feel like I am living in the dark ages. My husband refuses to allow me to wear shorts in the summer or stretch pants in the winter. All the other young wives in the neighborhood dress this way and nobody thinks anything about it. My husband says he is against such clothing for religious reasons.

Religion is just as important to me as it is to him and I don't see anything sacrilegious about shorts or stretch pants.

What are your ideas on this? Thank you.—TEXAS WOMAN

Dear Woman: Some women look terrible in shorts and stretch pants and their husbands are opposed to them for THIS reason.

I say if a husband is opposed to shorts and stretch pants for ANY reason, a wife should respect his wishes. There are plenty of attractive skirts you can wear — and I hope you will.

"The Bride's Guide," Ann Landers' booklet, answers some of the most frequently asked questions about weddings. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and \$3c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Unemployment Is Up In Michigan

DETROIT (AP) — Unemployment in Michigan rose to 32,000 in the thirty days ending Jan. 15, the state Employment Security Commission has reported.

The figure is 4.1 per cent of the state's labor force.

The commission said the rise in unemployment was due to seasonal factors, and is normal for this time of year.

## Hatlo's They'll Do It Every Time

## Milliman On Michigan

# Ferency Is Mikoyan Of State Democrats

By RICHARD L. MILLIMAN  
Of the Panax Newspapers  
LANSING—When Michigan Democrats assemble in Grand Rapids this weekend to elect a state chairman, pass some resolutions and make plans to return from exile, wily Zoltan Ferency may enjoy the best of all possible worlds.

Ferency is the incumbent state chairman. A couple of weeks ago, he said he wouldn't be a candidate for the \$22,500 a year job because some of the wheels in the party didn't want him.

So far, at least three persons have stepped forward to express their interest in the job, but none of the three is well known statewide among fellow Democrats.

Some others stepped backward, dodging a candidacy. The most notable of these reluctant candidates is State Senator Sander Levin of Oakland County, an able and articulate spokesman of a youth movement of new faces within the party.

But Levin, the obvious choice of the party wheels who didn't want Ferency, demurred.

And those who have announced for the job have stimulated all the excitement of a tumbledown in an empty corral.

So who gets the endorsements from the big counties at local party conventions last week? Why, our reluctant old hero, Zoltan Ferency, that's who.

If the clatter call of the people continues, and Ferency modestly steps from the wings Saturday to accept the draft of

his party to continue as its political leader, to whom will he be beholden?

Certainly not to the king-making wheels who tried to roll him out of office in the first place.

Instead, Ferency would hold first allegiance to the rank and file of his party who insisted he was their man... who drafted him. In a sense, Ferency would be home free as a bird.

And because very little happens by pure chance in state-wide politics, we may be witnessing the biggest political strategem since Ferency grabbed the chairmanship in the first place.

That was when most of the party wheels were attending a meeting at a Grand Rapids hotel while Ferency and former Gov. John Swainson were at the convention hall down the street scuttling Chairman Joe Collins, the favorite of the establishment, and installing Ferency in his place.

Ah, politics, it's wonderful.

The 1967 Legislature already has ordered about 2,000 bills to be drafted for consideration this year—about the same number as last year.

It's difficult to figure out how Michigan can get along with state laws defective enough to warrant considering 2,000 ways to change them every year.

But somehow, the state survives, and perhaps we could get along even better without so many new laws each year.

Gov. Romney faces a griddle no matter which choice he makes in an impending political wringer.

Anticipated resignation of Allen R. Sorenson of Midland from the University of Michigan Board of Regents will remove the only Democrat now serving that prestigious body.

His successor will be appointed by Romney, then face election in 1970. The board is one of the top spots in state government, highly coveted by many.

If Romney appoints a Republican, as many think he should, it would please at least one party member—the one who wins the job. But it also would give Republicans an 8-0 black-out on the Board and raise the hackles of Democrats who remember how Republicans howled, with justification, when past Democratic governors adhered strictly to party lines in appointments.

And in most cases where he has a choice, Romney usually appoints at least one Democrat to a multi-member board. A Republican appointment also would erase the aura of bipartisanship which Romney has cultivated during his three administrations.

But what if he appoints a Democrat, as some counsel?

Then the Republican faithful will howl that Romney is ignoring those who worked for the party, disregarding party responsibility, hamstringing party discipline, and so forth. And what stance would Romney take when his Democratic appointee comes up for election in 1970?

Although it's a case of not being able to win, whichever route is followed, a good bet at this point is that Romney will name a Democrat to succeed Democrat Sorenson.

What lies ahead for tax reform and other Republican programs in the Legislature may be foretold by recent comments by Rep. Joseph J. Kowalski of Detroit, Democratic House leader and Speaker last year.

Kowalski, who works for the UAW-CIO in the off season, is about as party-line as any office holder can be. His record of deviation from party and union lines in his 18 years in the Legislature is a flat zero.

Kowalski claimed the Romney tax program is "not going to help anybody except the corporations"—a favorite union line—and promised that he was personally dedicating himself to beating Romney and the Republicans.

From the tenor of these comments, it becomes apparent that Kowalski-type Democrats will oppose anything Romney proposes mainly because he proposes it, especially in the field of taxes.

It reminds you of the way many a Republican senator used to act when G. Mennen Williams was governor.

The Republican state convention Feb. 25 in Detroit should produce the usual ultra fireworks.

While the leadership of Chairman Ely Peterson undoubtedly will be fully endorsed, something is sure to arise from the fertile brain of Richard Durant, Wayne County rightist who delights in tormenting Gov. Romney.

Durant and his cohorts might move on an income tax resolution, or a Viet Nam statement of some sort, or a pledge to out state spending or something that will end up bedeviling the Romney-Peterson party leadership.

And they probably will attempt to place some of their sympathizers in key district or state party posts.

It should be interesting.

## Merger Is Off

GRAND RAPIDS (AP)—The American Presidents Life Insurance Co. has voted to end merger negotiations with Lincoln American Life of Memphis, Tenn. Glen H. Fried Jr., president of the company said Monday his company is not interested in merger unless it remains the surviving company.

## Tax Officers Convene Here

About 325 Supervisors, city assessors and local government tax officers from throughout the Upper Peninsula convened this morning at the State Office Building in the 14th annual Upper Peninsula Conference for Tax Assessing Officers.

Also included among the registrants were representatives of large land holding companies.

Charles Sedenquist, chairman of the Delta County Board of Supervisors from Wells Township, presided over the first general session.

The program continued this afternoon with workshop sessions scheduled at the State Office Building, Delta County Board of Supervisors and the Chamber of Commerce. Wheaton L. Strom, former chairman of the Delta County Board of Supervisors and member of the Escanaba Board of Review, will discuss the "Ad Valorem Concept of Taxation" at the 6:30 p.m. dinner meeting at the House of Ladington.

Wednesday's program will include a "Curbside Conference" of assessors with reference persons at 9 a.m. and workshop sessions before the final general session at the State Office Building at 10:30 a.m.

The program was arranged by the University of Michigan Extension Service in cooperation with the Michigan State Tax Commission, the Institute of Public Administration at the University, the Michigan Association of County Tax Directors and Appraisers, and the Michigan Assessors Association.

Included on this morning's program were Carl Adrich and Vern Gulick, both of the accounting division of the State Administrative Dept.; Harold Purnell, Lansing, chairman of the State Tax Commission, and Edward Kane, Lansing, secretary of the Tax Commission.

Purnell emphasized in his discussion of Agricultural personal property and household exemptions that supervisors are required to get a statement from each farmer as to personal property even though it may be exempt from taxation.

## P&H Employees Credit Union Grows

The Harnischfeger Employees of Escanaba Federal Credit Union enjoyed a substantial growth in 1966, President Jerry Campbell reported at the 18th annual meeting at Marco's Starlight Room.

Assets gained about \$150,000 to near \$1 million, he said, and construction was started on a new building. Semi-annual dividends of 4 1/2 per cent were declared.

Members elected the following officers: Campbell, Myron Carlson, John Mackie, Ralph McGarry and George Petaja to the Board of Directors, joining incumbents Robert Jensen and John Moore, and Marie Erickson and Eloise Kosbab to the Credit Committee, joining incumbent Ralph McGarry. Henry Levesque, Samuel Hoyt and Noah Marcoe Jr., were appointed to the Supervisory Committee.

Officers elected by the Board of Directors were: Campbell, president; McGarry, vice president; Petaja, secretary, and Jensen, treasurer. McGarry was elected chairman of the credit committee. Eloise Kosbab is secretary.

## Hospital

Mrs. Walter Laundree of Gladstone Rte. 1 is a medical patient at St. Francis Hospital.

Napoleon planned the Arch of Triumph in Paris, to commemorate his victories.

GOV. GEORGE ROMNEY, left, introduced Governor David Cagro, governor of New Mexico, at the Lincoln Club banquet in Jackson, Mich. Gov. Cagro is a graduate of Jackson High School and while in Michigan visited with his parents in Jackson. (AP Wirephoto)

## Roland Woodard Of Flint Dies On Friday

Roland M. Woodard, 52, of Flint, died at the Hurley General Hospital on Feb. 10. He was born in Door County, Wis. in 1915.

He is survived by three sisters, Mrs. Carl Sundberg of Escanaba, Mrs. Francis Sundberg of Sacramento, Calif. and Mrs. Charlotte Doucette of Escanaba; four brothers, Cedric of Duluth, Minn., James of Bellwood, Ill., Ben of Escanaba and Harold of Cornell.

Friends may call at the Anderson Funeral Home Thursday afternoon and complete funeral services will be conducted at 8 p.m. Thursday at the funeral home with Rev. Robert Selberg officiating. Burial will be in Lakeview Cemetery.

## Delta Pledges Aid Telethon

Pledges in the Upper Peninsula March of Dimes Telethon at Marquette increased about \$3,000 this year and Delta County provided \$2,000 of it, Myron T. Austad, Delta County chairman, said today.

Total pledges for the Telethon at WLUC-TV on Jan. 28-29 were about \$26,100, Austad reported. Delta County contributed \$5,120 in 757 pledges. Last year total telethon receipts were about \$23,000, with Delta pledging \$3,000.

Of 12 Upper Peninsula counties participating in the telethon, Delta County residents' pledges were second only to Marquette County, which promised about \$10,100. Houghton County was third with \$2,395.

The March of Dimes will net some \$24,000 to \$25,000 from the telethon after expenses. Arrangements for the program were handled by the Central U. P. Life Underwriters Association, D. H. Lord, chairman.

Austad said he was pleased with the area response and commended ham radio operators Rene Marcoe and David Lee for their cooperation in sending pledge results to Marquette for tabulation during the telethon. Delta county provided 10 different talent acts during the program.

## Detroit Soprano Has Met Audition

CLEVELAND, Ohio (AP)—Noel Rogers, a 25-year-old Detroit soprano, placed first Monday in the Great Lakes regional auditions for the Metropolitan Opera. Miss Rogers, a student at the University of Michigan, received the F.K. Weyerhaeuser award of \$300 and a trip to New York April 3 to audition for a possible met contract.

## Council Facing Busy Session

A Council session—with 16 items on the agenda—will be held in the City Hall at 8 p.m. Thursday. City Manager George Harvey reported the agenda includes:

Opening of bids for the purchase of a front end loader and snow blower combination unit; hearing of objections to the improvement—the establishment of a public parking lot in the downtown district; and consideration of a request of the Escanaba Chamber of Commerce to extend a decision on the subject for an additional 30 days.

Consideration of a community attitude survey under the sponsorship of the Jaycees; and consideration of an advisory ballot, not relating to the selection of a site for a proposed recreation building.

The adoption of a resolution endorsing Eastern Standard Time for Escanaba will be considered; and the Council will adopt a resolution reaffirming its interest in participating in plans for a new exhibition building at the U. P. State Fairgrounds.

The Council is scheduled to name a member of the Airport Advisory Committee to fill a vacancy; consider the purchase of property at 501 1st Ave. N.; appoint Fire Capt. Duane Hansen to the Hearing Board of Examiners; and consider adopting a resolution favoring completion of shoreline highways in the U. P.

Also to be considered will be consideration of a request from the Escanaba Foundation for the purchase of a parcel of land south of the city electric generating station; and consideration of a resolution endorsing the construction of a Great Lakes Natural Gas Pipeline.

"Since it is not readily possible to contact these people it is hoped they will call for appointments—or just walk in between 10 a.m. and 3 p.m. Friday," said Mrs. Edward Olson, Red Cross blood procurement chairman.

"For many of these traveling residents it may be their first opportunity to support this blood program, which stands ready to help them whenever and wherever they may require a blood transfusion," she said. The Red Cross is asking prospective donors to think of their visit to the bloodmobile as a "loan" and assurance against the day when they may need to have a very precious commodity returned.

## Canada Protests U.S. Bank Rules

OTTAWA (AP)—The Canadian government has again formally protested the application of U.S. law to Canadian-based firms.

Canada is taking issue with a new U.S. banking regulation which became effective Monday allowing the Federal Reserve Board to demand an inspection of any foreign bank controlled by a United States bank.

The only Canadian bank that could be affected by the ruling is the Mercantile Bank of Canada which is owned by the First National City Bank of New York.

## Mrs. H. Ogren Dies Today In Hospital

Mrs. Hilda Ogren, 69, of 613 N. 9th St., Gladstone, died at 1 a.m. today at St. Francis Hospital where she had been a patient for 10 days.

She was born Nov. 22, 1897 in Gladstone and was a member of the First Baptist Church. She is survived by her husband, Victor; two daughters, Mrs. Melvin (Elizabeth) Casson of Chicago and Mrs. Victor (Eileen) Kangas of Ontonagon; one son, Herbert Anderson of Dowagiac, Mich.

The body has been removed to the Anderson-Johns Funeral Home where arrangements are incomplete at this time.

## Freeway Pileup Kills One Man

KALAMAZOO (AP)—John Van Wieren, 25, of Plainwell, died in a Kalamazoo hospital Monday after a 10-vehicle pileup on the I 94 Freeway near here. Eight autos and two semi-trailer trucks were involved in the mishap. Two other persons received minor injuries.

## "There is no Incurable Disease"

SAYS CHRISTIAN SCIENCE... and a growing host in heartfelt thankfulness give living testimony of that spiritual fact.

They have found the promises of Christ Jesus to be intensely practical and now brought to fulfillment in daily life. The treasures of the Bible are for them unlocked and alive with new hope, new life, new meaning.

## SCIENCE AND HEALTH

with KEY TO THE SCRIPTURES by Mary Baker Eddy

clearly explains the method of Christian Science healing. This method is based on prayer alone, explaining the mighty works of Jesus so that any sincere student may experience his promise, "Ye shall know the truth, and the truth shall make you free" (John 8:32).

# Wisti Pulls Out Of Democrat Chair Race

LANSING (AP) — When Zolton Ferency announced Monday he would seek a third term as state Democratic party chairman, he advised those interested in opposing him: "Don't give up the ship."

But today, of the three announced contenders, one was in the water and another was poised to jump.

Only Richard K. Stout of Lansing, the first to announce himself as a candidate, said Ferency's announcement had not changed his plans.

Former State Rep. Andrew H. Wisti of Chassell said he is

out of the race. And Ann Arbor attorney Peter Darrow, though undecided as to whether to withdraw, conceded Ferency is probably a sure winner.

The state party convention in Grand Rapids this weekend will pick a chairman for a two-year term, Ferency said Monday he has support of more than 1,600 delegates — well over the 1,117 needed to elect a chairman.

Ferency, the party's losing candidate for governor last November, announced Jan. 19 he was withdrawing as a contender for re-election to the chairmanship.

because he thought Ferency might not run again.

**Darrow Undecided**

Darrow, Washtenaw County Democratic chairman in 1961-65 and a delegate to the party's 1964 convention, said Ferency will have "considerable support" at Grand Rapids.

"I don't expect the wheels of the draft - Ferency wagon to come off the track," he added.

"But," Darrow added, "it was very difficult for me to make up my mind to be a candidate. Now, it's tough for me to change that decision. I just haven't decided either way."

## March Draft: 8 From Delta

LANSING (AP) — Michigan local draft boards today were ordered to deliver 616 men for induction into the Army during March.

Col. Arthur Holmes, State Selective Service director, said an additional 400 former limited service registrants also will be ordered for induction during March.

These former limited service registrants have recently been found qualified for service under mental standards established by the Defense Department, Holmes said.

Holmes said a separate call by local draft boards will be issued for the additional 400 men, probably around March 1.

Previous calls for this year have been 977 men in January, and 529 in February.

No additional preinduction physical examinations have been scheduled for March except for some 1,500 former limited service registrants who will be re-examined under the new standards.

The call by U. P. county boards:

Alger 1; Chippewa 6; Delta 8; Dickinson 2; Gogebic 6; Houghton 4; Iron 1; Keweenaw 1; Marquette 11; Menominee 1; Schoolcraft 1.

## Workers Ignore Reagan Bid To Donate Time

SACRAMENTO, Calif. (AP) — "Absentees? What absentees? There were none reported to us," said California Gov. Ronald Reagan's press secretary, raising his eyebrows in mock surprise.

But reporters who checked the state Capitol and state buildings at San Francisco, Los Angeles, San Diego, San Bernardino and Fresno heard mainly their own echoing footsteps as they sought out the 166,000 state employees.

California's state workers had been invited by the new Republican governor to volunteer their services Monday, the Lincoln's Birthday holiday.

The idea was that by donating their time — at no extra pay or compensatory time off — a state Reagan describes as "financially weakened" might receive a \$7-million shot in the arm, through unanticipated work accomplishments.

Gov. Reagan arrived for work early, but to do so had to cross a picket line of the Union of State Employees, AFL-CIO which opposed the holiday labor.

## Cop Of Year

MUSKEGON (AP) — Detective Lt. Willie Howell of the Muskegon Heights Police Department Monday was named Muskegon County's Police Officer of the Year.

## Negro Strike Flop Admitted

DETROIT (AP) — Evidence indicates a Negro protest strike in support of Congressman Adam Clayton Powell ended as a bust Monday in Michigan.

Relatively few persons took part, according to industry, municipal government and public schools.

Almost all said attendance of workers and schoolchildren was normal or even better than normal.

Reports indicated the same was true in the rest of the nation.

A strike advocate, Negro attorney Milton Henry, conceded that it "didn't do so well" at the Detroit auto factories but he charged that officials falsified attendance figures.

"Our own check showed there was heavy individual absenteeism at the plants," Henry said.

He had hoped some auto assembly lines would be closed but this didn't happen.

Henry said about 15 per cent of Detroit's Negro community took part. Detroit's 1.6 million population is an estimated 30 per cent Negro.

## Briefly Told

The Elks Star Nite will be held Thursday, Feb. 16. Phone in your reservations for dinner.

A very important meeting of the Michigan Licensed Beverage Association will be held tonight at the Jolly Roger Bar at 8:00 p.m. All members are urged to attend. The new officers are: president, Joe Potvin, of Schaffer; 1st vice president, Paul Verhamme, of Gladstone; and secretary-treasurer, Mr. Leslie Lark, Escanaba.

The Bay de Noc Toastmasters Club met at Marco's Monday night. Invocation was given by James Olson and Table Topics were under the direction of William L. Miller. Three speakers gave talks in preparation for the Club Speech Contest and ladies night which will be held Feb. 27. The speakers were Fred Fisher, John Lams and Pastor Charles Beckingham. Others participating were George McLaughlin, James Wren, Ray Chase, Sherwood Trotter, Bernard Hoegen, John Stoll, Dick Powell, Bob Snow, Don Seymour and Walter Peterson. The guest of honor was Vern Neumann.

## Biosatellite Is 8 Weeks Late

WASHINGTON (AP) — A spacecraft full of insects and other organisms is expected to come back to earth tonight or Wednesday — more than eight weeks late.

"We think that most everything has died," a National Aeronautics and Space Administration spokesman said Monday night.

When it shot aloft from Cape Kennedy Dec. 14, the spacecraft carried a 280-pound experiment capsule which housed wasps, flour beetles, fruit flies, bacteria, frog eggs and assorted plant specimens, each in separate compartments with built-in food supplies and warming devices.

Biosatellite, as it was dubbed, was supposed to come down again in three days so that scientists could see how all the living things were affected by the trip. Things didn't work out that way.

Its braking rocket refused to fire and the spacecraft, with food and oxygen supplies rapidly diminishing, kept making erratic orbits of the earth.

NASA has been tracking the runaway and noting its progressively lower path. Sometime during a 12-hour period starting at 10 p.m. today, space agency spokesmen said, it will slip back into the atmosphere and quickly come back to earth.

Biosatellite's battery may have sufficient reserves after the long flight to set in motion re-entry equipment, including a parachute for a soft landing, a radio beacon signal and a flashing light.

The signal devices would be helpful because no one can say where in the world the flying laboratory will come down. Air Force units around the globe have been alerted to stand by and assist in recovery.

NASA said a tungsten steel sphere containing radioactive material is tough enough to withstand the shock of landing even if the parachute system fails.

"So long as the radiation source remains inside the sphere, the danger is negligible," NASA said.

## State To Build Bridge At Gwinn

LANSING (AP) — The State Highway Department has announced low bidders on 23 highway construction and improvement projects in 32 counties totaling \$8.9 million.

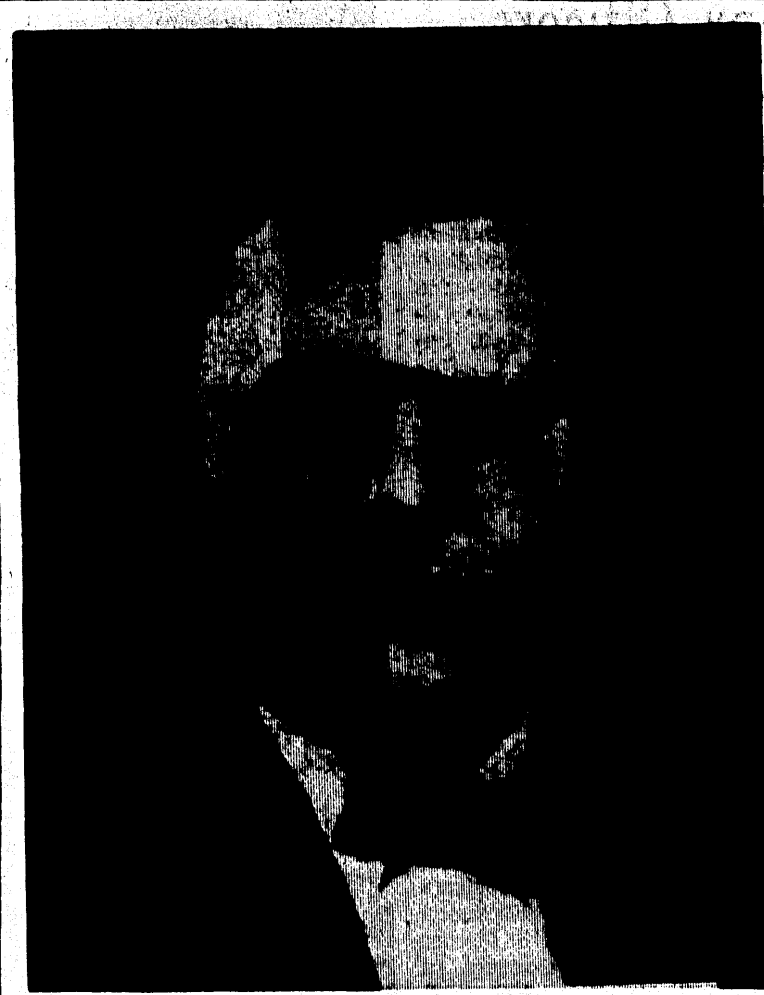

The department said there is one U. P. project: Marquette County—Relocation of one-half mile of M 35, including construction of a new bridge over the Escanaba River in Gwinn, Caspian Construction Co., Caspian, \$29,296.

## Chicago Prices

**BUTTER & EGGS**

CHICAGO (AP) — Chicago Mercantile Exchange — Butter steady; wholesale buying prices unchanged to 1/4 higher: 88 score AA 66; 92 A 66; 90 B 63 1/4; 90 C 61 1/4; cars 90 B 64 1/4; 88 C 62 1/4.

Eggs: wholesale buying prices unchanged; 70 per cent or better Grade A Whites 26 1/2; mixed 26 1/2; mediums 27 1/4; standards 27; checks 28 1/4.

JONATHAN MOORE, 34, a Harvard University specialist in international relations, has joined a group boosting Michigan Gov. George Romney for the 1968 Republican presidential nomination. Moore is a former state and defense department adviser. (AP Wirephoto)

## Escanaba Certified: May Now Apply For Federal Aid

Escanaba is now certified as eligible to apply for Federal assistance in its efforts to achieve community improvement, the City Council was advised today by City Manager George Harvey.

The certification, another step in the city's progress toward downtown redevelopment and a program of Urban Renewal, notes that Escanaba:

"Has presented an acceptable program for the prevention and elimination of slums and blight under terms of the Housing Act and is thereby qualified during the effective period of this certification to apply for Federal assistance and support in achieving its community objectives."

Copies of the notice of certification have been addressed by the city manager to the City Council, Planning Commission, Citizens Advisory Committee and others interested in the city's planning and redevelopment program.

Presently the City is involved in planning considerations that include a comprehensive plan for the community, and a central business district redevelopment that includes the acquisition of an off-street parking lot in the 1100-1200 blocks on 1st Ave. N.

The City's planning consultants, Harland Bartholomew Associates, have completed surveys and other studies and have recommended to the Council the purchase of the additional off-street parking.

The Council is proposing that owners of commercial properties within 600 walking feet of the proposed parking lot participate in the cost of acquiring the area.

The cost of the improvement is estimated at \$225,000 and the commercial property owners in the area would pay 75 per cent and the city 25 per cent of the total. The City would maintain the parking lot, which would be free to the public.

Some of the owners of commercial property in the assessment district have offered a counter proposal and further discussions are expected on the subject.

The Council on Thursday night will hear objections to the proposed parking lot improvement—and at the same time will consider a request of the Escanaba Chamber of Commerce to extend the time for a decision for an additional 30 days.

Whatever the outcome of the discussions, Escanaba has been certified as having moved far enough along with a workable program for community development so that it may now make application for federal assistance.

Ultimately—if the community moves in that direction—Escanaba might receive federal funds to aid in financing a program of Urban Renewal.

What the cost to Escanaba would be, and how much federal aid might be received, must yet be determined.

## Griffin Announces Safety Hearing

WASHINGTON (AP) — The Senate Commerce Committee will hold a hearing March 20 to review criticism of Traffic Safety Director William Haddon Jr. in connection with car safety standards, Sen. Robert P. Griffin, R-Mich., a committee member, announced Monday.

## Corps Director

WASHINGTON (AP) — J. Terrell Whitsett of Mount Clemens, Mich., has been named Northeast regional director of the Neighborhood Youth Corps. A former chief of Mount Clemens' urban redevelopment program, Whitsett will have overall responsibility for the Labor Department's youth program in eight states, plus Puerto Rico and the Virgin Islands.

quision of an off-street parking lot in the 1100-1200 blocks on 1st Ave. N.

The City's planning consultants, Harland Bartholomew Associates, have completed surveys and other studies and have recommended to the Council the purchase of the additional off-street parking.

The Council is proposing that owners of commercial properties within 600 walking feet of the proposed parking lot participate in the cost of acquiring the area.

## Claim Sukarno In On Red Plot

JAKARTA (AP) — One of army strongman Gen. Suharto's top deputies indicated today that a showdown in the struggle to force President Sukarno to retire may be imminent.

Maj. Gen. Alamsjah said an answer to new military proposals to end the power struggle may be forthcoming tonight.

"There will be no more missions, no more talks," he declared. "The decision has been taken. We are just waiting for the answer."

Military leaders and Cabinet ministers have repeatedly urged Sukarno in recent weeks to step down before he is dragged down. The president has shown no sign of complying and gave every indication at a palace reception today that he would remain in Jakarta to continue his fight to hold the presidency.

Gen. Abdul Haris Nasution, the chairman of Congress, in a broadcast statement Monday night accused the president of being a Communist sympathizer and knowing in advance of the attempted Red coup Oct. 1, 1965.

Nasution's statement, read over Radio Jakarta, was in answer to a challenge from Sukarno to the general to explain his own actions at the time of the attempted coup. Nasution was then defense and security minister.

The general charged that shortly before the coup, Communist party Chairman D.N. Aidit attempted to swing army Brig. Gen. R.H. Sugandhi over to the Communist side by telling him of the plans.

"All this is known by Sukarno," Nasution quoted Aidit as saying. Aidit was killed during the bloody suppression of Communists after the coup.

Indonesia's Parliament, which ranks below the Congress, has adopted a resolution asking Congress to dismiss Sukarno from the presidency. Informed sources said Monday Sukarno may leave the country before Congress meets, but the president told newsmen today he would remain in Jakarta despite the moves to force him out of office.

The cost of the improvement is estimated at \$225,000 and the commercial property owners in the area would pay 75 per cent and the city 25 per cent of the total. The City would maintain the parking lot, which would be free to the public.

Some of the owners of commercial property in the assessment district have offered a counter proposal and further discussions are expected on the subject.

## Truce Efforts Move Back To Xmas Stance

(Continued from Page 1)

Vietnam without some reciprocal move by the Communists.

**FOUND SUPPLY ROUTES**

SAIGON, South Vietnam (AP) — American fighter-bombers pounded railroad lines and other supply routes in North Vietnam today and U.S. Navy ships attacked shipping along the North Vietnamese coast as U.S. forces resumed war operations north of the demilitarized zone.

In South Vietnam, allied ground units reported only light contact with the enemy, but U.S. Air Force and Marine pilots flew a record 535 sorties in support of the sweeping infantrymen Monday.

Sixty Bombs Kill Yank

U.S. spokesmen also announced that seven men of the U.S. 1st Cavalry Airborne Division were killed and four were wounded Monday night when five rounds of their own artillery landed among them.

The spokesmen also announced that one man of the U.S. 4th Infantry Division was killed Sunday and 14 were wounded when a U.S. plane's bomb went astray during an operation. However, a claymore mine went off in the same area just before the bomb explosion, and the spokesmen said it might have caused some of the casualties.

The first American air strike against the Communist north since the lunar new year truce began last Wednesday morning was made at 1:07 a.m. by two Air Force F4C Phantoms. They attacked the Vinh Tay highway bridge seven miles south of Dong Hoi, the U.S. Command said.

## How Custer Felt

PHOENIX, Ariz. (AP) — After Rep. Lloyd House, the only Indian to serve in the Arizona Legislature, cast the only vote against a smog-abatement bill, he said, "Now I know how Custer felt."

## Residents Ask City To Solve Sewer Problem

GLADSTONE — How do you obtain adequate sewerage disposal for residents in an area where septic tanks are ineffective and costs for installing sewer mains are nearly prohibitive?

The City Commission faced that dilemma for the second time in four years at its regular meeting Monday night at the City Hall after a group of residents from the N. 17th St. area petitioned the commission for installation of sewers.

Currently, homes in the area are served by septic tank systems which are at times ineffective, particularly during spring thaw and runoff. Estimates prepared four years ago for installation of a sewer system in the area indicated about double normal installation costs because of the topography of the area.

Installation, it was reported, would cost property owners some \$10 per front foot, compared with the more normal rate of about \$5 per foot.

**Explore Federal Aid**

The previous estimates, however, were prepared for a larger area and Commissioner George Young asked City Manager H. J. Henrikson to request further estimates be prepared by Williams & Works, Grand Rapids, consulting engineers.

The Commission also asked Henrikson to explore the possibility of obtaining federal funds for a sewer project, although Henrikson advised that sewer

installations have low priority on federal lists. A report will be made to the commission as soon as figures are available.

In another water problem, Henrikson said it would cost an estimated \$53,000 for a water system to service Fernwood Cemetery and the 29th St. (Cemetery Rd.) area with six-inch mains. Cost for eight-inch mains would rise to about \$78,000. The project would service 24 homes and the cemetery and would include a pumping station and pressure tank.

The Commission ordered the report placed on file for future study.

**Approve Park Plan**

Henrikson also reported that work on the Industrial Park improvement program is scheduled to begin June 1 with completion planned for Nov. 1. Bids on the project will be let at a later date. The Commission approved the plan for the park prepared by Northern Michigan Engineers, Escanaba.

In other business, the Commission authorized payment of \$817 for 100 condenser tubes for the power plant; approved a resolution opposing the time change for the area and ordered it sent to Cong. Philip Ruppe and the Interstate Commerce Commission; ordered a work project progress board prepared and placed in the City Hall showing progress of city projects, and received a letter from August Matton Post 71, American Legion, expressing thanks for city cooperation in the recent mid-winter conference at Gladstone.

**Post Risk Rules**

The Commission ordered rules and regulations for the ice rink posted and rink custodians deputized to enforce the regulations (beginning today) after a complaint from a local resident.

Although City Attorney Clair Roehn questioned the ability of city dwellings to comply with electrical and plumbing codes, the Commission went ahead with plans for the proposed Senior Citizens Housing Project by approving the "workable program" for community improvements.

No bids were received for a ventilation system at the city garage and the commission decided to let city employees proceed with installation of the system after inspecting comparable systems. Cost was expected to be below \$500.

## Home Fire Kills Three Children

LUZERNE (AP) — Three small children perished when their small frame home went up in flames, the Oscoda County Sheriff's Department reported today.

Under Sheriff Mrs. Jess Miller said the tragedy claimed the lives of David Hawley, 4, and his two sisters, Julia, 3, and Patricia, 1. She said they were left alone in the house Monday while their mother, Mrs. Alvin Hawley, went to check the family mailbox and lingered to chat with a neighbor.

The father was away at work at the time, Mrs. Miller said.

Mrs. Hawley told investigators when she noticed smoke curling from the house, she rushed back but was unable to break through the flames.

The Hawley house was heavily damaged by another fire which was believed caused by a wood stove last December. The family had moved back in upon the completion of repairs about two weeks ago.

## Laurium Man On State Board

LANSING (AP) — Two appointments to the State Board of Examiners of Sanitation and three to the State Bean Commission have been announced by Gov. George Romney.

Harry Vivian, 53, of Laurium, and Carl W. Gregory, 50, of Detroit, were named to two-year terms on the Examiners Board, expiring Dec. 31, 1968.

Senate confirmation is required for the examiners posts. Renamed to the Bean Commission for three-year terms expiring Dec. 31, 1969, were Warner Maylan, 49, of Bay City; William Ford, 50, of Saginaw, and G. Howard Kirk, 62, of Camden, N.J.

## Sen. Scott Calls Romney Obvious Leader Of GOP

LANSING (AP) — Sen. Hugh Scott, R-Pa., today described Michigan Gov. George Romney as "the obvious leader of Republicans" in the race for the party's presidential nomination.

Scott, who "dropped in" at a Romney press conference following a Lincoln Day speech at Traverse City Monday night, said he had been checking the sentiments of party leaders in his trips across the country.

He said he found Romney "in the front runner whom we all admire very much."

"More voters like him," Scott said, "because of the record he has made as governor, because of his character, because of his knowledge about things that are of concern to the people."

Scott said he is not connected with Romney Associates, the Lansing-based Romney for president group. Robert J. McIntosh, informal head of the Associates, met Scott at the airport today and escorted him to the governor's office.

## Congo Copper Dispute Ending

LUSKA, Zambia (AP) — Executives of Zambia's Roan Selection Trust mining group left Monday for the Congolese capital of Kinshasa for talks on the copper situation there following the troubled nationalization of Belgian-owned Union Minière du Haut Katanga.

It was unclear what part Roan Selection Trust President James L. Reid, and Vice-President Basil Napper, would play in current talks between the Congolese government and representatives of Belgian interests.

Some sources here believe agreement is near and that Reid and Napper were called in to mediate and tie up loose ends of outstanding problems.

With no Congolese copper having been exported since before Christmas, observers here believe President Joseph Mobutu's government is critically short of cash and is prepared to back down considerably from a sweeping takeover.

This view is supported by the fact that only 2,000 skilled white mine workers have indicated willingness to continue under new management.

Without them the mines output, already slashed due to the tense situation, would slump drastically.

Only Kansas, North Dakota and Oklahoma raise more wheat than the state of Washington.

## Japs Sign Peking Fertilizer Pact

TOKYO (AP) — The Japanese Nitrogen Fertilizer Association and Communist China signed an agreement in Peking Monday for China's purchase of a 2 million ton equivalent of Japanese nitrate fertilizers worth \$74 million, the association said.

The association, representing Japanese fertilizer manufacturers, said the deal represented the largest quantity of fertilizer ever transacted with Communist China, exceeding the previous high set in 1965 by 300,000 tons.

## Obituary

MRS. FRANK LAGINA

Complete funeral services for Mrs. Frank Lagina were held at 9 a.m. today at All Saints Church with Msgr. Matt La-Violette officiating. Burial was in Fernwood Cemetery. Pallbearers were, Joseph Kukanic, William Sepic, John Rajala, John Barak, Joseph and Andrew Valencic.

## Covenant Church Welcomes New Members Sunday

Pastor Loren Anderson and church chairman Dr. Carl Olson, received several new members into the fellowship of the Evangelical Covenant Church during a communion service Sunday morning.

The new members are Mr. and Mrs. Harold J. Goodyer and Mr. and Mrs. Robert Prins and daughter, Bonnie.

## Children's Garment Exhibit Set For Thursday

A showing of the latest in styles and fabrics for children's garments has been scheduled for this area on Feb. 16. At 1:30 p.m. the garments will be on display at the legion hall in Powers. At 8 p.m. the garments will be shown at the Delta County building in Escanaba.

The exhibit includes 28 garments ranging in size from four to 12. The display is the service of a commercial pattern company.

Ingrid Tervonen, extension home economist, is in charge of the arrangements and will discuss some of the construction techniques used in the garments.

All interested women of the area are invited to attend either the afternoon or evening showings.

## Girl Scouts Elect Officers

St. Pat's Girl Scout troop 24 met on Feb. 9 and the following officers were elected: Scribe, Kay Kennedy; Treasurer, Mary Krohmer; Patrol leaders, Joyce McMonagle, Zola Pultz, Faye Pakarinen, Laurie Fraddo; assistant patrol leaders, Mary Cappert, Connie Cretens, Lori Taylor and Sally Dart.

The flag was presented by the lightning patrol and the scout's own was done by the star patrol. A game on first aid was presented by the star patrol.

"WOULD YOU BE MY Valentine?" I'm sure no one could resist this little sweetheart as she peeks out from behind this big red heart at a local flower shop. Our Valentine girl is little Lynn Grettum, daughter of Mr. and Mrs. John L. Grettum of 1005 S. 16th St. (Daily Press Photo)

## Louis Morins Honored On Golden Wedding

Mr. and Mrs. Louis B. Morin, former residents of Escanaba, now residing at 5222 NE 15th Terr., Pompano Beach, Fla., celebrated their golden wedding anniversary on Sunday Feb. 5.

They were feted with a party on Sunday given by their son-in-law and daughter, Mr. and Mrs. Manny David of Hollywood, Fla.

The Morins also have a son, Keith, in Escanaba, seven grandchildren and three great grandchildren. Other relatives came from Michigan to celebrate with the Morins who have lived in Pompano Beach since 1957.

## Social-Club Family Night

The Salvation Army Home League monthly social will be in the form of a family night Thursday, Feb. 16. A potluck supper will be held beginning at 6 and games and devotions will follow. The public is invited.

## Valentine Messages To Match Your Mood

By JANET MARTIN

Valentines with plenty of old-fashioned sentiment abound in retail stores for those who like flowery expressions of devotion, but there are also many cards with humorous expressions for those on the light-hearted side.

"You can find a special valentine to express your feelings, whether you are young or old, sophisticated or old-fashioned, an out-going romanticist or one of the shy ones," reports one retail store card buyer.

The actual history of the origin of the Valentine is hard to trace, but it seems that St. Valentine's Day is observed in honor of St. Valentine, a Roman martyr. It isn't known why this day is associated with lovers. It may have developed out of an old pagan festival or may have been inspired by the belief that birds mate on this day.

Most Popular Although one of the earliest type of Valentines developed, the elaborate three dimensional cards with their fancy lace and filigree, recapturing the beauty and elegance of the past and opening out to reveal the matchmaker, Cupid, are still the

most popular type. Sophisticated, stylized designs and a wide variety of lighthearted approaches to the celebration of Valentine's Day are also available. Some examples of humorous messages are: "I love you so much—I almost bought a serious card."

"Love can be trying—try me!" "I'm looking for my Alger—let me hear you growl." "Everybody's something—but you are something else!"

Children will also have fun on this happy occasion and there are numerous varieties of cards for the small fry to choose from. There are the do-it-yourself "push out" cardbooks, the traditional package of small penny Valentines and for juveniles up to say eight years there is a new package this year, a package of 36 Valentines with envelopes topped with a plastic, puppet clown who can be animated by pulling the "glove" over the hand and wriggling the fingers.

Younger Grandparents Also in the last few years there seems to be a surge in sales of cards addressed to grandsons, granddaughters and this seems to reflect something new in the population mix—younger grandparents than in years past.

There are Valentines for every member of the family, including uncles, sisters, brothers, cousins and grandparents as well as old friends and teachers.

Although the valentine had its beginning with young sweethearts, past sales indicate that more than three times as many Valentines will be sent to mothers than sweethearts.

## Isabella

Clifford Bourgois is a medical patient at the V. A. Hospital in Iron Mountain.

Gloria Legault was crowned Homecoming Queen Friday evening at the Nahma Clubhouse. Gloria is the daughter of Mr. and Mrs. Henry Legault.

Mr. and Mrs. Arvid Sundin visited at Cunard with their daughter, Mrs. Al Asplund and family recently.

Mrs. Gordon Peterson has left for Portland, Ore., to visit her sister, Mrs. Ann Nelson and at the home of Mr. and Mrs. William Lowe and family.

Ellsworth Turan and Annette Turan of Marquette spent the weekend at the home of his parents, the Henry Turans.

Mr. and Mrs. Elmer Hall visited his mother, Mrs. Ella Hall and also his sister, Mrs. Evelyn LeVigne at Wind Lake, Wis.

Lois Cayemberg spent the weekend at the home of her parents, the Felix Cayembergs. She is a student at NMU at Marquette.

Peter Moore, son of James Moore, is a student at Western Michigan University, Kalamazoo.

There will be a community card party Saturday evening at 7:30 at the Isabella Hall. The public is invited.

As a general rule, cake pans should be filled from only one-half to two-thirds full.

## Church Events

### Christ The King

The Lutheran Church Women of Christ the King Lutheran Church will meet Thursday, Feb. 16. The afternoon unit will meet at 1:30 at the church and the evening unit will meet at 7:45 at the church.

### Central Methodist

### First Methodist

Wednesday, Feb. 15, 3:30 p.m.—Confirmation class for youth; 7 p.m.—choir rehearsal; 8 p.m.—Lenten service and meetings of MYF groups; 9 p.m.—brief business meeting of the Miriam Abigail Circle in the lounge. Members of the circle will attend the 8 p.m. Lenten service which will take the place of the meeting program.

### First Presbyterian

Wednesday, Feb. 15, 3:40 p.m. Calvin Choir; 6:45 p.m.—U.P.Y. Fellowship; 8 p.m.—Sanctuary Choir.

## Schaffer

The 4-H Swinging Sewers held their meeting Thursday evening at Potvin's. Yvonne Valquette was chosen to serve as vice president. Following the business session a valentine party was held. The next meeting will be held on March 9.

Homer Seymour is a medical patient at St. Francis Hospital. Mrs. Joseph Lippens and infant daughter have returned home from St. Francis Hospital.

## Church Services

Lenten services at the Sacred Heart Church are held each Wednesday at 8 p.m. Services include the Rosary, sermon, Holy Communion and the Benediction. Confessions are heard from 7 to 7:50 p.m. Friday evening services are at 8 p.m. and consist of Ways of the Cross, Holy Communion and the Benediction. Daily masses are at 8 a.m.

## Area Church Women Observe Day Of Prayer

Over one hundred Protestant and Catholic Women observed World Day of Prayer at the Evangelical Covenant Church on Feb. 10 sponsored by the United Church Women.

This year's service was written by a South Sea Island queen. The late Queen Salote of the Tonga Islands stood six feet four inches tall and ruled one of the most romantic and exotic kingdoms in the world becoming a legendary figure in her lifetime.

Shortly before her death, Queen Elizabeth appointed her to the Most Distinguished Order of St. Michael and St. George-Dame Grand Cross of that Order. She was the first woman to receive so high an honor.

No barriers of race, denomination, or culture are recognized when women come together for this prayer day, which has a history of 80 years. Monetary gifts help support Christian interdenominational colleges and literacy programs in many countries abroad and support national projects such as educational, recreational and child-care help for migrant workers and services to Indian youth.

Speaker for the service was Rev. James Swan, pastor of the Covenant Church, and soloist was Mrs. Emer Peterson. Participating in the service were Mesdames, Donald Ness, First Methodist Church; Reginald Piron, Central Methodist; Charles Kaiser, First Presbyterian; William Van Effen, Bethany Lutheran; Leslie Carlson, Christ the King Lutheran; Vernon Johnson, St. Stephen's Episcopal; Arnold Anderson, Immanuel Lutheran. Pianist for the afternoon was Mrs. Clovis Colvin.

## Church Meet

DETROIT (AP) — The 6th biennial conference of the National Presbyterian Health and Welfare Association opened in Detroit today. It will run through Friday.

Getting ready to deep-fat fry? It usually takes about 20 minutes to heat the fat to the proper temperature.

Queen Salote

## Births

GATLEN — Mr. and Mrs. Francis Gatlen of Powers welcomed their first child, a son, James Francis, born at 8:16 a.m. on Feb. 14. The infant weighed 9 pounds and 4 ounces at birth. Mrs. Gatlen is the former Donna Paquin.

LUNDQUIST — A daughter weighing 7 pounds and 4 ounces was born to Mr. and Mrs. Stanley Lundquist of Wells at 8:25 a.m. on Feb. 13. She has been named Judith Ann. The mother is the former Jean Casey.

CLEMENT — Mr. and Mrs. Francis Clement of Mounted Route, Gladstone, are the parents of a son, David John, weighing 8 pounds and 2 ounces. He arrived at 4 p.m. on Feb. 13. Mrs. Clement was Alice Grandchamp.

## Winter Queen

GRAYLING (AP)—Mary Louise Paxton was crowned Michigan winter sports queen at Grayling's 42nd annual winter carnival over the weekend. The 20-year-old beauty from Traverse City will compete in the Miss Michigan contest in June.

When a recipe for candy or frosting directs you to cook the syrup until it spins a 2-inch thread, the mixture should be cooked to 230 to 234 degrees on a candy thermometer.

## First Methodist WSCS Circles Meet This Week

The Circles of the Woman's Society of Christian Service of the First Methodist Church are meeting this week.

Miriam-Abigail Circle meets Wednesday, Feb. 15 at 8 p.m. in the church lounge. Hostesses are, Mesdames, Edward Edick and Harvey Pierson. Members are asked to attend the Lenten service at church as part of their meeting. They will host a coffee hour after Sunday worship on March 5.

The Ruth Circle will meet at the home of Mrs. R. J. Smith, 315 S. 10th St. on Thursday, Feb. 16, at 2 p.m. Devotions will be in charge of Mrs. Aubrey Berg with Mrs. E. G. Bennett, program chairman. Members will be hostesses at a coffee hour after Sunday worship on Feb. 26.

Harmony Circle meets Thursday, Feb. 16, at 2 p.m. in the church lounge with Mrs. John Birkenmeier hostess. Devotions will be led by Mrs. Charles Hammar with Mrs. John Nicholas in charge of the program. Members will host the coffee hour after Sunday worship on Feb. 19.

Future activities include a family night supper on Saturday, Feb. 18, at 6:30 p.m. sponsored by the commission on Membership and Evangelism.

## In This Corner

with Ray Crandall

Although the board of control (principals) of the Great Northern Conference examined carefully every angle and aspect of the Menominee ineligibility case last week, it readily reached a unanimous agreement on the disposition of the games in which Joe Gypp competed within the conference. . . . The board ruled that Menominee must forfeit all conference victories in which Gypp had a hand. . . . There was no other decision the board could reach.

The board's decision wipes out a fine football record compiled by the Maroons under the direction of first year coach Ken Hofer last fall. . . . The Maroons unveiled a new single wing attack that powered them to a 7-1-1 overall record, the Great Northern Conference (5-9) crown and the Upper Peninsula Trophy which is awarded annually by the Upper Peninsula Sportswriters Association to the best team in the conference. . . . The decision of the Great Northern Conference principals also took two conference basketball victories from this season's Maroon quint and resulted in a shuffle of the GNC standings.

The board of control made its decision with extreme reluctance, not because the principals were uncertain of the rules covering use of ineligible players, but because it felt that the decision should have been handed down by the Michigan High School Athletic Association. . . . The MHSAA had earlier ruled that Menominee would have to forfeit its non-conference game but put the issue of the conference games squarely before the Great Northern body. . . . The conference directors reasoned that the MHSAA should also have declared the conference games forfeited, as Gypp violated a state high school regulation, not a conference rule.

Still undetermined is the effect the Great Northern Conference ruling will have in relation to the Upper Peninsula sportswriters who named Menominee the recipient of the Barber Trophy. . . . The writers will make a decision on the trophy when they hold their annual spring meeting at Redman's in Hermansville March 25.

Calumet was the runnerup to Menominee in the balloting for the Barber Trophy. . . . That does not mean, however, that Calumet would automatically receive the trophy if it is taken away from Menominee. . . . The voting for the Barber Trophy is by no means similar to a conference standings list, in which wins and losses are the determining factor in a team's position. . . . For example, the writers who voted for Menominee in the Barber Trophy balloting last fall would not necessarily vote for Calumet if they were asked to vote again with Menominee eliminated from the list.

You might make a case for Ironwood, as an example. . . . The Red Devils defeated Calumet by a 26-21 margin and their lone Upper Peninsula loss during the season was suffered at the hands of the Menominee Maroons. . . . If you eliminate that setback, Ironwood would have a pretty good claim for the Barber Trophy.

It is entirely possible that the writers will vote to declare the Upper Peninsula football championship vacant for the season. . . . They may feel that it is impossible to determine the true disposition of the Barber Trophy at this late date and with all the complicating factors that are now involved.

In the aftermath of the GNC action last week, some pretty emotional reactions have been recorded. . . . One unnamed school administrator was quoted: "How can another team want to accept an award declaring it the Upper Peninsula football champion by forfeit when it really knows Menominee is the true champion. The state may want to take away the awards but it can't hide the fact that Menominee was the superior football team and truly deserves the honors."

In our opinion, such a statement is absurd. . . . It isn't a question of any team "wanting" to accept an award by forfeit and it isn't a matter of trying to "hide" the fact the Menominee was etc. . . . There was a violation of a MHSAA eligibility regulation and action was taken by the governing body of that organization as well as the board of control of the Great Northern Conference. . . . The schools against which Menominee competed with Joe Gypp in the games have absolutely no choice in the matter. . . . They can't accept or reject the forfeit, regardless of their feelings. . . . The decision was made for them by the people who have the authority to rule on such matters.

## Idle Northwestern Backs Into First Place In Big Ten

By The Associated Press  
Northwestern's Wildcats didn't move a muscle Monday night but found themselves in sole possession of the league lead in the Big Ten basketball race.

Indiana dropped out of a first-place tie with Northwestern by suffering an 86-77 loss at Michigan State in the home-dominated Big Ten action.

Northwestern's league lead, however, is expected to be short-lived since the Wildcats put it on the line at Iowa tonight.

And if the Hawkeyes win, as expected, there will be a four-way tie for first place with all four contenders having completed half their conference schedule. Northwestern has a 5-1 record, Michigan State and Indiana are both 5-3 and Iowa is 4-2.

From then on it figures to be a win-at-home and lose-on-the-road race until some contender breaks the spell, wins on the road and carries off the championship.

Michigan State, avenging an 82-77 loss at Indiana one week earlier, had an outstanding performance from sophomore Lee Lafayette.

Lafayette tied his career high of 24 points and Steve Ryndal added 19 points in behalf of the Spartan effort. Butch Joyner of Indiana topped all scorers with 25 points.

Purdue moved into a fifth-place tie with Illinois by smothering Ohio State 86-66 with a homecourt triumph. Six Bollmeakers scored in double figures with Herm Gilliam topping the list with 18 points.

## L'Anse Regains Top Spot In Cage Poll; Ewen Slips Notch

By The Associated Press

There were changes at the top in all four classes of the Michigan Associated Press high school basketball poll this week. Detroit Northwestern grabbed the top spot in Class A from Muskegon Heights, which lost to Muskegon last week. Northwestern was second in the poll last week.

Marysville climbed into first place in Class B, edging South Haven by one point.

In Class C, L'Anse took first place back from Leslie. Flint St. Matthew climbed past Ewen for the top in Class D. Detroit Northwestern was followed by Detroit Pershing, No. 3 last week, and Birmingham Groves, fourth previously, in Class A. Muskegon Heights fell to fourth.

## Lions Add Two To Coach Staff

DETROIT (AP) — The Detroit Lions of the National Football League Monday added two coaches to the staff of head coach Joe Schmidt.

Jimmy David, a former Lion defensive back, was named assistant coach in charge of defenses.

Earlier in the day, the Lions named Chick Knox their offensive line coach.

David, 39, has been secondary coach of the San Francisco 49ers the past three seasons. Previously, he spent three years in the same capacity with the Los Angeles Rams.

David was the Lions' 22nd draft choice in 1952 after he graduated from Colorado State. He played eight seasons with the Lions and was named to the Pro Bowl six times. He intercepted 36 passes and played on Lions teams that won four Western Division titles.

David retired after the 1959 season. During part of his career with the Lions, he was a teammate of Schmidt, named head coach last month to replace the fired Harry Gilmer.

Knox, 35, comes to the Lions from the New York Jets of the American Football League. Previously he spent two seasons as an assistant coach at Kentucky.

## Dribblers Set For Marathon

MOUNT PLEASANT (AP) — For the Central Michigan-Eastern Michigan basketball game tonight, a band of EMU students planned to bring the ball — by dribbling it over 100 miles of road between the two schools.

The marathon dribble began at midnight Sunday in Ypsilanti and proceeded at about five miles an hour, despite a Monday morning snow storm. Ypsilanti is in southeastern Lower Michigan. Mount Pleasant is in the central section.

Arm of Honor fraternity members were doing the basketball bouncing. One member, Jim Rogers, said about 40 members will have had a hand in the project by the time it ends at Mount Pleasant.

He said the group planned to present the ball to CMU President Judson Foust.

## Louisville New Runnerup Team, Bruins Unchallenged For First

By The Associated Press  
Louisville, Princeton, Western Kentucky and Kansas, four among the ranking teams which slugged an active Mr. Upset last week, have gained ground in the latest Associated Press major-college basketball poll.

Unbeaten UCLA, the only other team in the Top Ten to emerge without a loss last weekend, remained the poll's unchallenged leader. The Bruins, 19-0, were the unanimous choice for first place for the 15th straight week.

Vanderbilt, a top contender in the Southeastern Conference and Syracuse, 17-3, including 10 straight victories in its most recent games, are the newest members of the first 10. They replaced Providence and Boston College, two among the five ranking teams which were beaten in weekend games.

The Bruins, victors over Oregon State 76-44 and Oregon 100-66, collected all 32 votes for the No. 1 position in the latest balloting by sports writers, and

broadcasters based on games through last Saturday. Louisville advanced to the runner-up position after defeating Drake 57-54 and Wichita 80-66. The Cardinals collected 275 points in the voting, based, as usual, on 10 points for a first-place vote, 9 for second, 8 for third etc.

Princeton, which had to claw like tigers to beat Yale 81-60 and Brown 87-54, moved up one notch to third. North Carolina, an 86-60 loser to Georgia Tech, tumbled two places to fourth. The Tar Heels beat Virginia and Wake Forest earlier in the week.

Western Kentucky and Kansas each climbed one position, the Hilltoppers to fifth and Kansas to sixth. Western Kentucky beat Murray 66-56 in overtime and East Tennessee, 66-56. Kansas whipped Nebraska 84-58 and Kansas State 66-55.

Houston, an 87-78 loser to Notre Dame, slipped from fifth to seventh. Texas Western, despite its 69-55 setback by Notre Dame held the No. 8 spot.

Marysville and South Haven

changed places in Class B and Caro remained in third. Willow Run held fourth, but Albion climbed from sixth to fifth past Detroit Servite, which fell to sixth.

Mount Pleasant Sacred Heart climbed from fourth to third behind L'Anse and Leslie in Class C. Charlevoix, third last week, lost to Gaylord and fell to a tie for fourth with Brooklynn.

Fowler remained third in Class D behind Flint St. Matthew and Ewen. Adrian Catholic Central climbed from sixth to fourth and Trenary fell from fourth to fifth.

CHICAGO BLACK HAWK Goalie Denis DeJordy, lying in front of the net, broke up this scoring play by Norm Ullman (7), center for the Detroit Red Wings. Action came in first period of game at Chicago Sunday. Chicago defenseman Pierre Pilote (3) and Doug Jarrett (20) helped DeJordy prevent the score. (AP Wirephoto)

## Bobcats Keep Ice Lead, Rangers Host Nationals

Team W L T

Green Bay	13	9	3
Rochester	11	9	2
Waterloo	10	10	0
Marquette	5	15	2

(Affiliated U.S. Nationals have 11-7-1 record.)

Weekend Results

U.S. Nationals 5-2, Green Bay 2-4; Rochester 5-4, Marquette 3-1.

Saturday Games

(8:00): Rochester at Green Bay; (8:00): Rochester at Waterloo; U.S. Nationals at Marquette.

Sunday Games

Canadian Soo at Green Bay

(2:00): Rochester at Waterloo;

U.S. Nationals at Marquette.

GREEN BAY—Green Bay's

Bobcats, still out front in the United States Hockey League but by a less comfortable margin, venture outside the USHL for competition this weekend.

The Bobcats, who have an open date on their league schedule, will entertain an old enemy, the Canadian Soo Greyhounds, at the Brown County Veterans Memorial Arena Saturday night and Sunday afternoon.

While they are contending with the Canadians, the Green Bay skaters will be casting a backward glance at the runner-up Rochester Mustangs, just five points behind, who invade Waterloo for a highly important series.

A double victory for the Mustangs would put them tight on the heels of the Bobcats and create a critical situation for the Bays, who have only five games remaining compared to eight for Rochester.

Rochester is not the Bobcats' only problem, however. Waterloo also could vault into contention by taking a pair from the Mustangs, since the Black Hawks are only one game back of the league leaders on the loss side.

The Bobcats' weekend opponents, the Greyhounds, will be making their first appearance on Green Bay ice in six years. The Canadians, annually one of Ontario's more potent senior teams, were regular vis-

itors during the Bay's first three seasons, but haven't been back since February of 1961, when the Bobcats scored a 7-2 victory in their series opener and skated to a 3-3 tie with the Greyhounds in a rematch the following day.

OUT OUR WAY

by J. R. Williams

OUR BOARDING HOUSE with Major Hoople

Senior Citizen Election Set

A county-wide election for an executive committee for organization and operation of the Schoolcraft Senior Citizen Center will be held at 7:30 p.m., today in the K-C hall.

Nominations will be received from the floor and a committee to elect nine. The nine will elect four officers and act on applications for a director of the center.

A regular meeting of the Senior Citizens follows the meeting.

U.S. Birthrate Still Declines

WASHINGTON (AP)—Public Health Service statistics indicate both the live birth rate and the number of babies born in this country continued to decline during 1966.

Though figures for the whole year 1966 are not yet available, there were 3,322,000 births during the first 11 months of last year, 131,000 fewer than the 3,453,000 in the corresponding 1965 months.

The birth rate decreased by 5 per cent, from 19.5 to 18.5 for each 1,000 population, during the same period.

The final PHS report on 1966 natality statistics, also issued today, showed there were 3,760,358 live births that year—the first year since 1933 that the number had dropped below four million. The final total compared with a provisional estimate last Feb. 28 that there had been 3,767,000 births during 1965.

During the 12 months ended last November there were 3,635,000 births, compared with 3,789,000 in the 12 months ended November 1965.

The service also reported a continuing increase in marriages through last November, with 1,672,000 reported during the first 11 months of 1966, up from 1,628,000 in the similar 1965 span.

The marriage rate also was up, from 9.2 to 9.3 per 1,000 population—the fourth year in succession that the rate has increased.

Protest State Pay Differentials

LANSING (AP)—Two legislators have asked the attorney general whether the state may pay different rates for similar work in different geographic areas of the state.

Reps. Joseph Swallow, R-Alpena, and Russell Hellman, D-Dollar Bay, made the request in behalf of the Michigan State Employees Association.

The association believes the geographic differentials violate the constitution. It says they are causing dissatisfaction among employees.

The Highway and Mental Health Departments offer differential to meet competition from private employers in the Detroit area.

MANISTIQUE Democrats Pick State Delegates

Schoolcraft County Democrats have elected U. S. A. Heggblom, Leonard Shay, Duane MacGregor, Thurman Skarritt Sr., William Cowman and Archie Carpenter delegates to the state Democratic convention in Grand Rapids Feb. 18-19.

Alternates elected are Mr. and Mrs. Paul Hollenbeck, Mrs. Clayton St. Martin, Mrs. Fred Lesica, Mrs. William Cowman, Mr. and Mrs. Franklin Burgess and Mrs. Lindsay Frenette. Resolutions were adopted regarding tax reform, the Ford-Canton court decision, liability insurance, time change and workmen's compensation.

Church Events

**First Baptist**  
The Rev. Ingmar Levin was guest speaker Sunday in the absence of Rev. Roy Pitts, who returns to the pulpit Feb. 19. The board of trustees will hold a work party night Thursday, Feb. 23. The couples club has challenged the Zion Lutheran Couples club to a volleyball game at 8 p.m. Feb. 18 in the old gym.

Births

A daughter weighing 8 lbs. 2 3/4 oz. was born Feb. 12 in Schoolcraft Memorial Hospital to Mr. and Mrs. Lindsay D. Smith, 209 Range St. The mother was formerly Wilma Ann Valinder.

Obituary

**JOSEPH BEZINSKI**  
Funeral services were conducted at 9 a.m., Monday in St. Francis de Sales Church for Joseph J. Bezinski, 85, of 220 Oak St. The Rev. Robert Kennedy officiated. Burial will be in Fairview Cemetery under direction of Messier-Brouillette Funeral Home. Pallbearers were John Weber, John Vaughan, Fred Evans, George, William and Lauritz Hough.

Valentine Post

LOVELAND, Colo. (AP)—Loveland post office employees annually stamp the envelopes of 90,000 to 100,000 valentines with the Loveland postmark and a rhyme and send them along to sweethearts in all 50 states plus a number of foreign countries.

The verse is changed each year. This year's version is: "A note of true affection 'Is signed and sealed within, 'And sent from mile-high Loveland 'Where romantic trails begin."

Kalamazoo Safest

CHICAGO (AP)—Kalamazoo, Mich., is one of 18 cities cited by the National Safety Council for having the lowest traffic death rates per 10,000 vehicles. Kalamazoo had the lowest rate of cities between 50,000 and 100,000 population. Its rate was 0.7 deaths per 10,000 vehicles.

Cayia Named To Council

The Manistique City Council Monday appointed A. J. Cayia, 42, of Manistique to a one-year-term on the Council to fill the vacancy created by the resignation of Charles Varnum, who was elected to the State Legislature.

The term will expire at the 1968 election.

Cayia is a graduate of Manistique High School and of the University of Michigan with a degree in mechanical engineering. He is general superintendent for Inland Lime & Stone Co.

Presently, Cayia serves as a member of the Manistique Housing Commission. He is married and the couple has six children, residing at 364 Lake St.

Briefly Told

**Jobs Daughters meet at 7 p.m., today in the Masonic Temple.**

A meeting open to all nursing personnel is scheduled Thursday, Feb. 23 at 7:30 p.m., in Schoolcraft Memorial Hospital. Atty. George Wood will discuss legal aspects of nursing. A regular meeting of the Schoolcraft District Nurses Assn. will follow.

**Kenneth Lytle, 36, of Germfask, was given summons by State Police for violation of basic speed law after an accident at 3:45 p.m., Saturday on M77 a half mile south of Germfask. Drifting snow cut visibility, he said. His car hit the back of a car driven by Albert Bowman, 64, of Gulliver. Bowman had slight injury but was not hospitalized.**

In Service

Leland J. McManus, who is with the paratroop division of the 50th Infantry at Fort Benning, Ga., has been promoted to sergeant and named soldier of the month at Fort Benning.

Hospital

Admitted to Schoolcraft Memorial Hospital were Joan Skidmore, Wilma Smith, Ida Donovan, Evelyn Patzer, John Hanger, Florence Hanger.

Discharged were Eleanor Gould and baby, Howard Davis, Phyllis Hebert, Robert Kinsey, Bruce Wallace and Edith Perkins.

Personals

Michael LeBrasseur of Brighton spent the weekend with his parents, Mr. and Mrs. Earl LeBrasseur.

NOTICE TO BIDDERS

The Board of Education of the Manistique Area Schools invites qualified bidders to submit sealed bids on a package insurance policy including fleet.

Specification sheets are available at the business offices at 108 N. Cedar Street. Bids will be accepted until 4:00 p.m., March 13, 1967, at the above address.

The Board reserves the right to reject any or all bids.

NOTICE TO BIDDERS

The Board of Education of the Manistique Area Schools invites interested parties to submit sealed bids for the purchase of the property known as the Putnam property located on the southwest corner of Cedar and Main streets described as follows:

Part of Lot Four (4) Block Two (2) of the Village of Manistique, according to the recorded plat thereof, Beginning at the Northeast corner of said lot and block, running thence West on lot line one hundred thirty-nine (139) feet; thence south parallel with lot lines, sixty-one feet; thence east parallel with lot lines, one hundred thirty-nine (139) feet to block line; thence north on block line sixty-one (61) feet to place of beginning.

Removal of the Post House Museum from this property will be arranged between the bidder and the present owner.

Bids will be accepted until 4:00 p.m. March 13, 1967, at the business offices at 108 N. Cedar Street. The Board reserves the right to reject any or all bids.

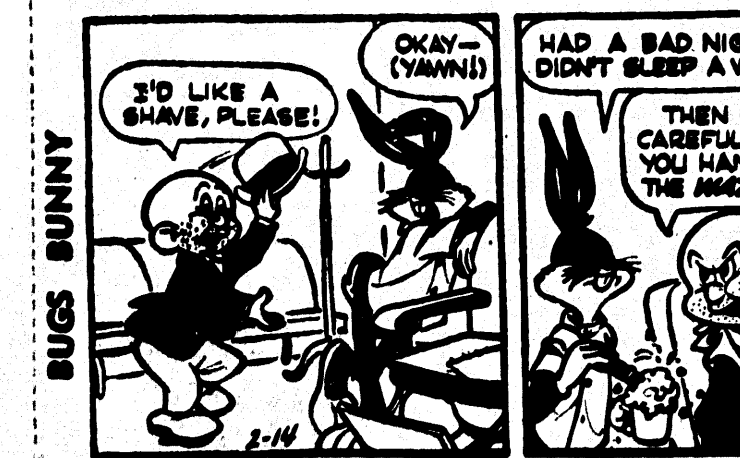

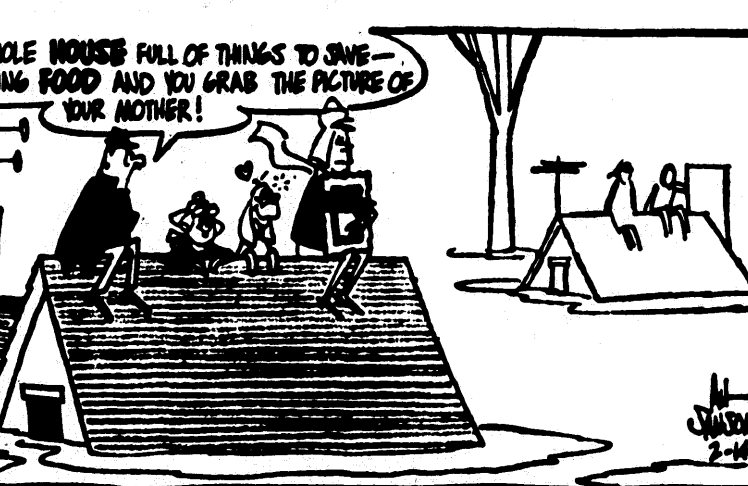

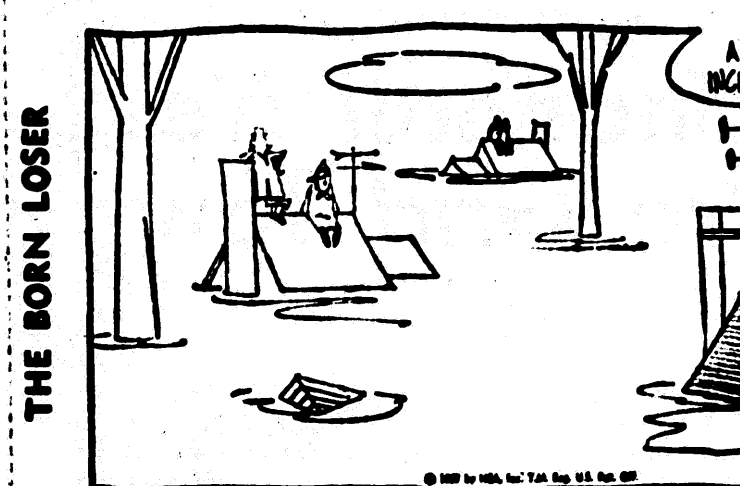

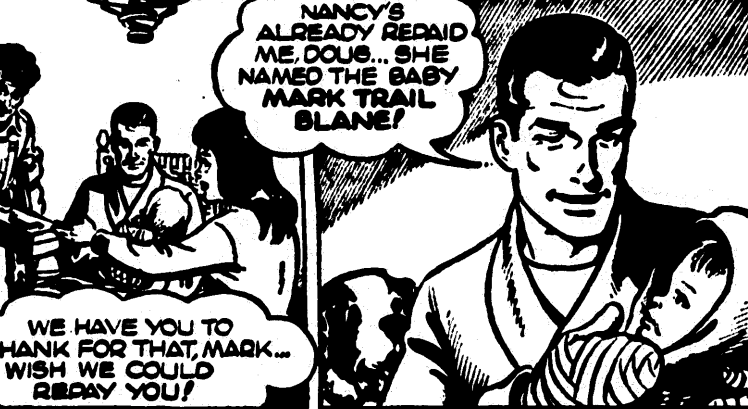

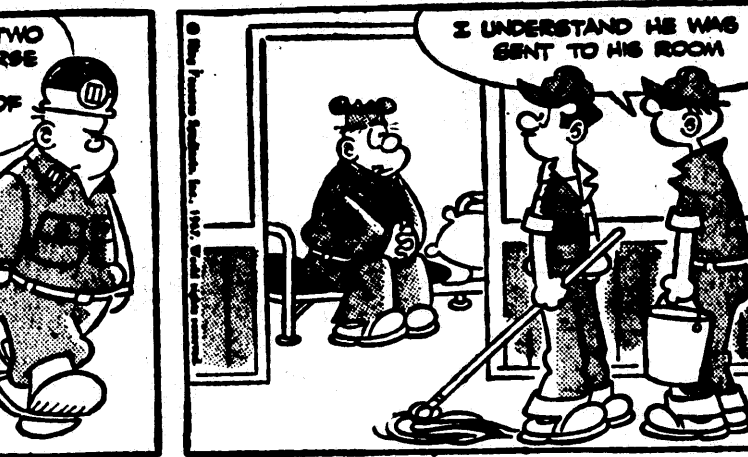

**OUR TIME IS MOST VALUABLE WHEN YOU ARE USING IT!**

Our time is most valuable when it is being devoted to your service. Our officers are always willing to drop more routine duties to give their attention to you.

So why not come in and discuss your financial affairs with them?

# Card of Thanks

## Harp

Our most sincere thanks are extended to all who rendered aid and comfort during the illness and after the death of our beloved wife and mother Mrs. Henry Harp. We are grateful for the floral offerings, the kindly acts of neighbors and the comforting words of Father A. Ehlinger.

Mr. Henry Harp and Son

## Patterson KO's Unknown Boxer

MIAMI BEACH, Fla. (AP) — Floyd Patterson is an aging boy-wonder with a good left hand and a chin that occasionally succumbs to outrageous fortune.

Patterson's left outranked his chin at Miami Beach Auditorium Monday night as he connected in the third round and laid out little known and even less regarded Willie Johnson of Miami. Johnson, who took a 12-10 record into the ring, landed one respectable punch before he exited with 2:05 gone in the third round.

But Patterson wasn't carried away by his performance.

"I don't think I deserve a shot at (champion Cassius) Clay yet," he told a reporter after the fight. Instead he said he planned to fight Thad Spencer either in Stockholm or California.

Patterson said that a Japanese promoter had attempted to arrange a rematch with Clay but that Clay had refused.

"I hear that he will fight Zora Foley next," Patterson said.

The victory was Patterson's 45th in 50 fights and his second since bowing to Clay in 12 rounds last year in Las Vegas, Nev.

## Northern Gets Science Grant

MARQUETTE (AP) — Northern Michigan University has received a \$25,300 grant from the National Science Foundation to continue a study of chemical reactions in tobacco plants. The study will be directed by Dr. Robert Griffith, an associate dean of arts and sciences.

More people get more news from newspapers than from any other source combined.

# MSU Players To Give 'St. Joan'

An exciting cast in one of the stage's most thrilling productions — the MSU Performing Arts Company in George Bernard Shaw's classic "St. Joan" — will come to Escanaba Thursday night.

The drama is scheduled for 8 p. m. on the Escanaba Area High School stage, sponsored by the Players de Noc. Tickets are available at Ernie's Party Store, Gust Asps, West End and Goodman Drug stores, and at the auditorium door.

Using Medieval conventions of staging saints' plays, Frank C. Rutledge, the director, and Edward A. Andreasen, the scene designer, have devised a raked flexible platform stage. Decorated with cyclorama projections for several of the scenes.

The visual aspects of the production are greatly enhanced by the brilliant costumes designed by Duane E. Reed. Reed also worked from Medieval plates and dress studies in creating the costumes for this production of "St. Joan."

Rutledge has assembled the largest group of mature male performers to appear in a PAC production in its four years of existence. Using a group of 14 men and 4 women, this is also the largest PAC touring company.

John Bailey, as Gauchon, has essayed many major roles in Minnesota and New York, as has Mack Miller. Anthony Heald, appearing as the Earl of Warwick, is one of the most experienced undergraduate actors ever to appear at MSU. He has won the MSU Outstanding Actor award three years in succession.

Marshall Rosenblum is also experienced. In one season on campus, he appeared in five of eight major productions. He appears in "St. Joan" as Duholis, the general of the French armies.

Joan is played by Karen Grossman, a relative newcomer to the Performing Arts Company. She projects the innocence and devotion of Joan excellently.

Dean Kyburz, who toured with "The Taming of the Shrew" and "Hamlet," is Robert De Beaudricourt the squire who gives Joan her first start toward the coronation of Charles VII.

AT THE CORONATION at Rheims Cathedral Joan (Karen Grossman) and Duholis (Marshall Rosenblum) converse in this scene from George Bernard Shaw's "Saint Joan." It will be presented in Escanaba on Feb. 16 by the Michigan State University Performing Arts Company under sponsorship of the Players de Noc.

Vance Paul will also be a familiar face to many audiences. He appeared in "Shrew" and "Hamlet," and is also the production manager on tour.

Charles VII will be portrayed by Bernard Tato, who has received wide acclaim for his many fine portrayals, both at MSU and in New York City.

## Poll Favors Income Levy

LANSING (AP) — Constituents of Rep. George A. Prescott, responding to a questionnaire, indicate they slightly favor a one per cent state income tax, but oppose a 2 per cent tax.

The Tawas City Republican said his survey showed 52 per cent of those responding favored a 1 per cent tax. However, 64 per cent did not approve a 2 per cent tax.

Prescott, who represents the predominantly rural 102nd District which includes Isosco, Arenac and Ogemaw counties and a portion of Bay County, said he sent the questionnaire to 1,400 area residents with 1,087 responding.

A comet's tail may stretch millions of miles.

## Peninsula Potpourri

**MENOMINEE**—Two 13-year-old boys have been charged with the breaking and entering and vandalism at Menominee high school. One of the youths who cut his hand while breaking a window to gain entry to the building broke a lamp when he returned home to provide an excuse for the cut.

**MUNISING** — Conservation officer Bruce Andrews of Munising, a native of Hermansville, has been elected president of the Upper Peninsula Law Enforcement Officers association. He succeeds Keweenaw County Sheriff Ted Rogers.

**MARINETTE**—Northeastern Wisconsin has been tapped as the site for a new nuclear power plant. The facility is expected to be completed by 1972 at a location to be determined. Wisconsin Public Service Corp., Wisconsin Power & Light Co., and Madison Gas & Electric Co. will share cost and share in power output. Cost is expected to exceed \$170 million over a 10-year period.

**ISHPEMING** — Medicare is creating major problems at Bell Memorial Hospital. According to John F. Edmundson, administrator, the hospital has hired two new employees, added two new machines and is still bogged down with paper work. He estimated Medicare costs for the coming year to be \$375,000 at the hospital.

**MARQUETTE** — Representatives of the Gannon Lumber Co. have told the municipal light and power board that a new rate structure which will push the company power bill from \$507 to an estimated \$949 per month will put the company out of business. "We just can't afford to pay it," said E. S. Bice, company consultant.

## Bay Mills Will Start Rebuilding Church In Spring

BAY MILLS (AP) — Roy Cavanaugh, president of the Bay Mills Chippewa Indian Council, reports rebuilding of St. Catherine's Roman Catholic Church, destroyed by fire just before last Christmas, will be started in the spring.

Cavanaugh says the new church will cost \$70,000 of which \$18,000 came from donations from people across the country who read of the tragic fire which not only destroyed the church, but a truckload of Christmas toys and food donated to the Indian community.

A part of the money also is being donated by the Most Rev. Thomas L. Noe, bishop of the Marquette diocese.

## Ohio Honors Dr. Gerstaecker

COLUMBUS, Ohio (AP)—Carl Gerstaecker, chairman of Dow Chemical Co. of Midland, Mich., was among 16 recipients of "The Governor's Award" in ceremonies here. Gerstaecker is an Ohio native.

The awards were made by Gov. James A. Rhodes in conjunction with the Ohio Newspaper Association's annual convention. They go to those judged as "outstanding Ohioans who have contributed invaluable toward enhancing the State of Ohio's prestige throughout the world."

## UAW Goals

DETROIT (AP) — United Auto Workers union President Walter P. Reuther is expected to outline March 10-11 at a conference of union leaders negotiation goals of the union in seeking new contracts this summer with auto makers and other firms.

## Court Leaves Card Burning Law Untouched

WASHINGTON (AP) — The Supreme Court has refused by a vote of 8 to 1 to review a 1965 law that prohibits draft card burning.

Its constitutionality was challenged by David J. Miller, a 24-year-old self-described Roman Catholic pacifist. The first person indicted under the law, Miller was convicted in February

1966 of burning his card at a protest rally against the Vietnam war and military conscription.

Only Justice William O. Douglas favored giving Miller a hearing.

The approval of four justices is required to get a case before the Supreme Court.

Backed by the New York Civil Liberties Union, Miller claimed the law unconstitutionally abridges free speech rights and that its purpose is to suppress dissent.

U.S. Solicitor General Thurgood Marshall defended the law as "an appropriate regulatory measure designed to preserve a document which plays an important role in the administration of the Selective Service system."
